Vegan-Friendly Bread is a bread that does not contain any animal ingredients and is suitable for people who follow a strict vegan diet. Traditional bread often contains animal products such as milk, eggs and honey, while Vegan-Friendly Bread uses plant-based ingredients to replace these animal products, such as flour, yeast, water, vegetable oil, sugar and salt. Other plant-based ingredients are sometimes added, such as soy milk, purees, nuts, seeds or grains. Since it contains no animal ingredients, vegan bread is very popular among those with special dietary needs, such as vegetarians, celiac disease patients, lactose intolerance, etc. At the same time, Vegan-Friendly Bread is also a more sustainable and ethical option for people concerned about animal welfare and environmental sustainability.
