Game publisher is a company or organization responsible for publishing and distributing electronic games. Game publishers typically sign contracts with game developers to obtain the rights to publish the games. Their main responsibilities include market research, advertising, sales channel development, logistics, and customer service.

Game publishers do not directly participate in the game development process, but they are responsible for the marketing and sales of the game, which can have a significant

impact on its success. Game publishers typically develop sales strategies, select appropriate sales channels, promote the game, and arrange release dates.
