According to our LPI (LP Information) latest study, the global Visa Outsourcing Services market size was valued at US\$ 1996.4 million in 2023. With growing demand in downstream market, the Visa Outsourcing Services is forecast to a readjusted size of US\$ 3796.5 million by 2030 with a CAGR of 9.6% during review period.

The research report highlights the growth potential of the global Visa Outsourcing Services market. Visa Outsourcing Services are expected to show stable growth in the future market. However, product differentiation, reducing costs, and supply chain optimization remain crucial for the widespread adoption of Visa Outsourcing Services. Market players need to invest in research and development, forge strategic partnerships, and align their offerings with evolving consumer preferences to capitalize on the immense opportunities presented by the Visa Outsourcing Services market.

Visa Service is a service where a service agency applies to a country's government for permission to enter, exit or transit the country at the request of an applicant, eliminating much of the paperwork required by an applicant to visit a country. Visa Service includes short-term business, work, study and tourism in some countries and other types of visas for applicants. In recent years, many governments have outsourced their visa processing to external partners. This has helped them to manage the increasing demand for visas in the age of booming international travel. Visa outsourcing can also benefit travellers, reducing processing times and improving customer service.

Global key players of visa outsourcing services include VFS Global, CGI, GDIT, etc. The top three players hold a share over 78%. North America is the largest region, with

approximately 35% global market share, followed by APAC and Europe. Middle East and Africa is another key region in this market. Asia-Pacific is estimated to expand further at the fastest CAGR during the forecast period. The Family segment market occupied about 52% global market share, and is projected to hold a larger market size during the forecast period. In terms of product type, Tourist Visa is the largest segment, occupied for a share of about 80%, and in terms of application, Family has a share about 50 percent.
