PVC is known as Polyvinyl chloride or in short vinyl. They are commonly embossed to give them a luxurious textural effect. These wallpapers are very durable which makes them easy to clean and maintain. As compared to non-woven for installation and removal, due to the properties of the material, they are much difficult to process.

Their main characteristics are very strong design and decorative wallpaper, also waterproof with strong water resistance. PVC wallpaper cost is also much affordable compared to non-woven. They are also famous for their scratch protection and can be apply to various surfaces of walls.
