Abstracts

Lutein is a type of carotenoid antioxidant that is most well-known for protecting eye health. It's found in brightly colored foods like fruits & vegetables. The human body cannot synthesize lutein or another vision boosting antioxidant, zeaxanthin, on its own, so these nutrients must be obtained through diet.

Lutein is found in brightly colored foods like fruits and vegetables - especially leafy greens and types that are deep orange or yellow.

This report covered the Indian Suppliers information with their supplying capacity with contact details. There are approx 13 Suppliers from India. Note- Suppliers information will be provided in a separate excel sheet.
