A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

### Automated Border Control by Segment

The study includes a forecast for the global automated border control by component, type, application, and region.

Automated Border Control Market by Component [Shipment Analysis by Value from 2018 to 2030]:

Hardware

Software

## Services

Automated Border Control Market by Type [Shipment Analysis by Value from 2018 to 2030]:

Automated Border Control E-Gates

Automated Border Control Kiosks

Automated Border Control Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Airports

Seaports

Land Ports

Others

Automated Border Control Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

## List of Automated Border Control Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments,

infrastructural development, and leverage integration opportunities across the value chain. With these strategies automated border control companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the automated border control companies profiled in this report include-

Vision-Box

SITA

Secunet Security Networks

IDEMIA

Thales
