Automated Food Sorting Trends and Forecast

The future of the global automated food sorting market looks promising with opportunities in the dry food and packaged food processing, fruit and vegetable processing, dairy product processing, and fat and oil processing markets. The global automated food sorting market is expected to reach an estimated $0.58 billion by 2030 with a CAGR of 7.8% from 2024 to 2030. The major drivers for this market are growing focus on the quality and safety of food products, increasing demand for food products shorter delivery cycles and implementation of standards applicable in food processing industry.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Automated Food Sorting by Segment

The study includes a forecast for the global automated food sorting by product, application, and region.

Automated Food Sorting Market by Product [Shipment Analysis by Value from 2018 to 2030]:

Belt-Sorter

+44 20 8123 2220
info@marketpublishers.com

Free-Fall Sorter

Gravity Separator

Others

Automated Food Sorting Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Dry Food and Packaged Food Processing

Fruits and Vegetable Processing

Dairy Product Processing

Fats and Oil Processing

Others

Automated Food Sorting Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Automated Food Sorting Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies automated food sorting companies cater increasing

demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the automated food sorting companies profiled in this report include-

Ellips

Futura

AGCO

Allgaier Werke

Amandus Kahl

Automated Food Sorting Market Insights

Lucintel forecasts that belt-sorter is expected to witness the highest growth over the forecast period due to its high accuracy and speed.

Within this market, dry food and packaged food processing will remain the largest segment.

North America will remain the largest region over the forecast period due to increasing government regulations on food and food habits in the region.

Features of the Global Automated Food Sorting Market

Market Size Estimates: Automated food sorting market size estimation in terms of value ($B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Automated food sorting market size by product, application, and region in terms of value ($B).

Regional Analysis: Automated food sorting market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

+44 20 8123 2220
info@marketpublishers.com

Growth Opportunities: Analysis of growth opportunities in different products, applications, and regions for the automated food sorting market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the automated food sorting market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the automated food sorting market size?

Answer: The global automated food sorting market is expected to reach an estimated $0.58 billion by 2030.

Q2. What is the growth forecast for automated food sorting market?

Answer: The global automated food sorting market is expected to grow with a CAGR of 7.8% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the automated food sorting market?

Answer: The major drivers for this market are growing focus on the quality and safety of food products, increasing demand for food products shorter delivery cycles and implementation of standards applicable in food processing industry.

Q4. What are the major segments for automated food sorting market?

Answer: The future of the automated food sorting market looks promising with opportunities in the dry food and packaged food processing, fruit and vegetable processing, dairy product processing, and fat and oil processing markets.

Q5. Who are the key automated food sorting market companies?

Answer: Some of the key automated food sorting companies are as follows:

Ellips

+44 20 8123 2220
info@marketpublishers.com

Futura

AGCO

Allgaier Werke

Amandus Kahl

Q6. Which automated food sorting market segment will be the largest in future?

Answer: Lucintel forecasts that belt-sorter is expected to witness the highest growth over the forecast period due to its high accuracy and speed.

Q7. In automated food sorting market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period due to increasing government regulations on food and food habits in the region.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the automated food sorting market by product (belt-sorter, free-fall sorter, gravity separator, and others), application (dry food and packaged food processing, fruits and vegetable processing, dairy product processing, fats and oil processing, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

+44 20 8123 2220
info@marketpublishers.com

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Automated Food Sorting Market, Automated Food Sorting Market Size, Automated Food Sorting Market Growth, Automated Food Sorting Market Analysis, Automated Food Sorting Market Report, Automated Food Sorting Market Share, Automated Food Sorting Market Trends, Automated Food Sorting Market Forecast, Automated Food Sorting Companies, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL AUTOMATED FOOD SORTING MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications
2.2: Supply Chain
2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)
3.2. Global Automated Food Sorting Market Trends (2018-2023) and Forecast (2024-2030)
3.3: Global Automated Food Sorting Market by Product
  3.3.1: Belt-sorter
  3.3.2: Free-fall Sorter
  3.3.3: Gravity Separator
  3.3.4: Others
3.4: Global Automated Food Sorting Market by Application
  3.4.1: Dry Food and Packaged Food Processing
  3.4.2: Fruits and Vegetable Processing
  3.4.3: Dairy Product Processing
  3.4.4: Fats and Oil Processing
  3.4.5: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global Automated Food Sorting Market by Region
4.2: North American Automated Food Sorting Market
  4.2.1: North American Automated Food Sorting Market by Product: Belt-sorter, Free-fall Sorter, Gravity Separator, and Others
  4.2.2: North American Automated Food Sorting Market by Application: Dry Food and Packaged Food Processing, Fruits and Vegetable Processing, Dairy Product Processing, Fats and Oil Processing, and Others
4.3: European Automated Food Sorting Market
  4.3.1: European Automated Food Sorting Market by Product: Belt-sorter, Free-fall

Sorter, Gravity Separator, and Others
4.3.2: European Automated Food Sorting Market by Application: Dry Food and Packaged Food Processing, Fruits and Vegetable Processing, Dairy Product Processing, Fats and Oil Processing, and Others
4.4: APAC Automated Food Sorting Market
4.4.1: APAC Automated Food Sorting Market by Product: Belt-sorter, Free-fall Sorter, Gravity Separator, and Others
4.4.2: APAC Automated Food Sorting Market by Application: Dry Food and Packaged Food Processing, Fruits and Vegetable Processing, Dairy Product Processing, Fats and Oil Processing, and Others
4.5: ROW Automated Food Sorting Market
4.5.1: ROW Automated Food Sorting Market by Product: Belt-sorter, Free-fall Sorter, Gravity separator, and Others
4.5.2: ROW Automated Food Sorting Market by Application: Dry Food and Packaged Food Processing, Fruits and Vegetable Processing, Dairy Product Processing, Fats and Oil Processing, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis
5.2: Operational Integration
5.3: Porter’s Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis
6.1.1: Growth Opportunities for the Global Automated Food Sorting Market by Product
6.1.2: Growth Opportunities for the Global Automated Food Sorting Market by Application
6.1.3: Growth Opportunities for the Global Automated Food Sorting Market by Region
6.2: Emerging Trends in the Global Automated Food Sorting Market
6.3: Strategic Analysis
6.3.1: New Product Development
6.3.2: Capacity Expansion of the Global Automated Food Sorting Market
6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Automated Food Sorting Market
6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS
