Bleach Trends and Forecast

The future of the global bleach market looks promising with opportunities in the industrial bleach, water treatment, dentistry, and household cleaning markets. The global bleach market is expected to grow with a CAGR of 8.7% from 2024 to 2030. The major drivers for this market are increased usage of calcium and sodium hypochlorite, two bleaching chemicals, in water treatment, growth in the market for activated bleaching earth for low-fat oil that has been decolorized and extensively filtered, as well as, using bleach to remove dirt off clothes.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Bleach by Segment

The study includes a forecast for the global bleach by grade, end use, and region.

Bleach Market by Grade [Shipment Analysis by Value from 2018 to 2030]:

Industrial Grade

Food Grade

Bleach Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Industrial Bleach

Water Treatment

Dentistry

Household Cleaning

Others

Bleach Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Bleach Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies bleach companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the bleach companies profiled in this report include-

Swastik Chemicals

Olin Chlor Alkali

Aditya Birla Chemicals

Lords Chloro Alkali

Suvidhi Industries

Hawkins

Hill Brothers Chemical

Bleach Market Insights

Lucintel forecasts that industrial grade is expected to witness the highest growth over the forecast period due to the growing demand for natural and organic food that is devoid of additives and preservatives is a result of consumer knowledge of good eating habits.

APAC is expected to witness highest growth over the forecast period due to rapid urbanization and industrialization have led to a boom in construction in nations like China, India, Indonesia, Malaysia, and Thailand.

Features of the Global Bleach Market

Market Size Estimates: Bleach market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Bleach market size by grade, end use, and region in terms of value (\$B).

Regional Analysis: Bleach market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different grade, end use, and regions for the bleach market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the bleach market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the growth forecast for bleach market?

Answer: The global bleach market is expected to grow with a CAGR of 8.7% from 2024 to 2030.

Answer: The major drivers for this market are increased usage of calcium and sodium hypochlorite, two bleaching chemicals, in water treatment, growth in the market for activated bleaching earth for low-fat oil that has been decolored and extensively filtered, as well as, using bleach to remove dirt off clothes.

Q3. What are the major segments for bleach market?

Answer: The future of the global bleach market looks promising with opportunities in the industrial bleach, water treatment, dentistry, and household cleaning markets.

Q4. Who are the key bleach market companies?

Answer: Some of the key bleach companies are as follows:

Swastik Chemicals

Olin Chlor Alkali

Aditya Birla Chemicals

Lords Chloro Alkali

Suvidhi Industries

Hawkins

Hill Brothers Chemical

Q5. Which bleach market segment will be the largest in future?

Answer: Lucintel forecasts that industrial grade is expected to witness the highest growth over the forecast period due to the growing demand for natural and organic food that is devoid of additives and preservatives is a result of consumer knowledge of good eating habits.

Q6. In bleach market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness highest growth over the forecast period due to rapid urbanization and industrialization have led to a boom in construction in nations like China, India, Indonesia, Malaysia, and Thailand.

Q7. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the bleach market by grade (industrial grade and food grade), end use (industrial bleach, water treatment, dentistry, household cleaning, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
