Brain Health Supplement Market Trends and Forecast

The future of the brain health supplement market looks promising with opportunities in the memory enhancement, attention & focus, depression & mood, sleep and recovery, anti-aging & longevity, and stress & anxiety applications. The global brain health supplement market is expected to reach an estimated \$14.4 billion by 2028 with a CAGR of 9.3% from 2023 to 2028. The major drivers for this market are growing demand for herbal extracts based supplements, rising cases of brain disease, such as alzheimer's, dementia, and brain tumors, and increasing need for these supplements in the sports industry to boost players' brain performance.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Brain Health Supplement Market by Segment

The study includes a forecast for the global brain health supplement market by product, application, and region, as follows:

Brain Health Supplement Market by Product [Shipment Analysis by Value from 2017 to 2028]:

Natural Molecules

Herbal Extract

Vitamins and Minerals

Brain Health Supplement Market by Application [Shipment Analysis by Value from 2017 to 2028]:

Memory Enhancement

Attention & Focus

Depression & Mood

Sleep and Recovery

Anti-Aging & Longevity

Stress & Anxiety

Brain Health Supplement Market by Region [Shipment Analysis by Value from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Brain Health Supplement Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies brain health supplement companies cater to increasing

demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the brain health supplement companies profiled in this report include:

Accelerated Intelligence

AlternaScript

Aurobindo Pharma (Natroll, LLC)

HVMN

Intelligent Labs

KeyView Labs

Brain Health Supplement Market Insights

Lucintel forecasts that natural molecule will remain the largest segment over the forecast period due to the growing consumption of supplements made with organic and natural ingredients.

Memory enhancement is expected to remain the largest segment due to the growing competition in the academic sector and increasing trend of youngsters participating in multiple activities outside of their primary profession, such as adventure sports, social events, and part-time jobs.

North America will remain the largest region due to the growing number of patients with mental health issues, increasing awareness of health issues, particularly among young people, and expanding acceptance of these medications to enhance cognitive health of the population in the region.

Features of the Brain Health Supplement Market

Market Size Estimates: Brain health supplement market size estimation in terms of value.

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Brain health supplement market size by various segments, such as by product, application, and region

Regional Analysis: Brain health supplement market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by product, application, and regions for the brain health supplement market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the brain health supplement market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the brain health supplement market size?

Answer: The global brain health supplement market is expected to reach an estimated \$14.4 billion by 2028.

Q2. What is the growth forecast for brain health supplement market?

Answer: The global brain health supplement market is expected to grow with a CAGR of 9.3% from 2023 to 2028.
