Abstracts

The future of the composite preforms market looks promising with opportunities in aerospace, automotive, consumer goods, infrastructure, medical, and marine industries. The global composite preforms market is expected to grow at a CAGR of 7.2% from 2019 to 2024. The major drivers for this market are increasing usage of composite materials in the aerospace and automotive industries, and growing demand of composite preforms to manufacture complex structure and shorten part cycle time.

Emerging trend, which has a direct impact on the dynamics of the composite preforms industry, includes manufacturing of 3D carbon fiber preforms by using digital technology and control system engineering.

A total of 114 figures/charts and 58 tables are provided in this 149 -page report to help in your business decisions. Sample figures with some insights are shown below. To learn the scope of, benefits, companies researched and other details of this composite preforms market report download the report brochure.

composite preform market by technology
composite preform market
composite preform manufacturers

The study includes the composite preforms market trends and forecasts for the global composite preforms market through 2024, segmented by end use industry, technology, fiber type, and region as follows:

Composite Preforms Market by End Use Industry (\$ million shipment analysis from 2013 to 2024):

Aerospace Automotive Consumer Goods Infrastructure Medical Marine
Composite Preforms Market by Technology (\$ million shipment analysis from 2013 to 2024):

Weaving Braiding Stitching Knitting

Composite Preforms Market by Fiber Type (\$ million shipment analysis from 2013 to 2024):

Carbon Fiber Glass Fiber Others

Composite Preforms Market by Region (\$ million shipment analysis from 2013 to 2024):
North America Europe Asia Pacific Rest of World

Some of the composite preforms companies profiled in this report include Albany International Corp, A & P Technology, TEAM Textile. SGL Kumpers, Bally Ribbon Mills, SAERTEX, 3Tex, and Eurocarbon.

On the basis of its comprehensive research, carbon fiber based preform will remain the largest segment and it is also expected to witness the highest growth over the forecast period due to its lightweight and high strength capabilities.

Within this market, composite preforms for aerospace and defense will remain the largest end use industry due to increasing usage of preforms in turbofan engines and fuselage frames of commercial aircrafts and stator vane of jet engines. Automotive is expected to witness the highest growth over the forecast due to increasing penetration of composites in structural part of vehicle and growing demand of composite preform to shorten part cycle time.

North America will remain the largest regions due to presence of aero-engine manufacturers, aerospace composite part fabricators, and OEMs. Europe is expected to witness the highest growth over the forecast period due to increasing production of A350WXB and A320.

Some of the features of “Composite Preform Market Report: Trends, Forecast and Competitive Analysis” include:

Market size estimates: Global composite preform market size estimation in terms of value (\$M) shipment. Trend and forecast analysis: Market trend (2013-2018) and forecast (2019-2024) by application, and end use industry. Segmentation analysis: Global composite preform market size by various applications such as end use industry, technology, and fiber in terms of value and volume shipment. Regional analysis: Global composite preform market breakdown by North America, Europe, Asia Pacific, and the

Rest of the World. Growth opportunities: Analysis on growth opportunities in different applications and regions of composite preform in the global composite preform market. Strategic analysis: This includes M&A, new product development, and competitive landscape of composite preform in the global composite preform market. Analysis of competitive intensity of the industry based on Porter's Five Forces model.

This report answers the following 11 key questions:

Q.1 What are some of the most promising, high-growth in the global composite preforms market by end use industry (aerospace, automotive, consumer goods, infrastructure, medical and marine), by technology (weaving, braiding, stitching , and knitting), by fiber type (carbon fiber, glass fiber, and others) and region (North America, Europe, Asia Pacific and ROW) and why?

Q.2. Which application segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the drivers and challenges in the composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market?

Q.5. What are the business risks and competitive threats in this composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market?

Q.6. What are emerging trends in this composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market and reasons behind them?

Q.7. What are some changing demands of customers in the composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market?

Q.8. What are the new developments in the composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market and which companies are leading these developments?

Q.9. Who are the major players in this composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market? What strategic initiatives are being implemented by key players for business growth?

Q.10.What are some of the competitive products in this composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market and how great of a threat do they pose for loss of market share through product substitution?

Q.11.What M & A activities have transpired in the last 5 years in this composite preforms (composite preforms market, composite preform market, composite preform manufacturing, composite preform binder market, preform composite materials, textile composite preform) market and how have they affected the industry?

Contents

1. EXECUTIVE SUMMARY

2. MARKET BACKGROUND AND CLASSIFICATIONS

- 2.1: Introduction and Classifications
- 2.2: Supply Chain
- 2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2013 TO 2024

- 3.1: Macroeconomic Trends and Forecast
- 3.2: Global Composite Preform Market Trends and Forecast
- 3.3: Global Composite Preform Market by End Use Industry
 - 3.3.1: Aerospace
 - 3.3.2: Automotive
 - 3.3.3: Consumer Goods
 - 3.3.4: Infrastructure
 - 3.3.5: Medical
 - 3.3.6: Marine
- 3.4: Global Composite Preform Market by Technology
 - 3.4.1: Weaving
 - 3.4.2: Braiding
 - 3.4.3: Stitching
 - 3.4.4: Knitting
- 3.5: Global Composite Preform Market by Fiber Type
 - 3.5.1: Carbon Fiber
 - 3.5.2: Glass Fiber
 - 3.5.3: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION

- 4.1: Global Composite Preform Market by Region
- 4.2: North American Composite Preform Market
 - 4.2.1: Market by End Use Industry: Aerospace, Automotive, Consumer Goods, Infrastructure, Medical, and Marine
- 4.3: European Composite Preform Market
 - 4.3.1: Market by End Use Industry: Aerospace, Automotive, Consumer Goods,

Infrastructure, Medical, and Marine

4.4: APAC Composite Preform Market

4.4.1: Market by End Use Industry: Aerospace, Automotive, Consumer Goods, Infrastructure, Medical, and Marine

4.5: ROW Composite Preform Market

4.5.1: Market by End Use Industry: Aerospace, Automotive, Consumer Goods, Infrastructure, Medical, and Marine

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Market Share Analysis

5.3: Operational Integration

5.4: Geographical Reach

5.5: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Composite Preform Market by End Use Industry

6.1.2: Growth Opportunities for the Global Composite Preform Market by Technology

6.1.3: Growth Opportunities for the Global Composite Preform Market by Fiber Type

6.1.4: Growth Opportunities for the Global Composite Preform Market by Region

6.2: Emerging Trends in the Global Composite Preform Market

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Albany International Corp

7.2: A&P Technology

7.3: T.E.A., Inc.

7.4: SGL K&P GmbH & Co. KG

7.5: Bally Ribbon Mills

7.6: SAERTEX GmbH & Co. KG

7.7: 3Tex, Inc.

7.8: Eurocarbon B.V.
