## Abstracts

It will take 3 working days to update any report and deliver. Old report copy will not be available. We will deliver only updated copies of the reports.

### Composite Tube Market Trends and Forecast

The future of the composite tube market looks promising with opportunities in the transportation, electrical, sports & leisure, telecommunication, industrial, robotics & automation market. The global composite tube market is expected to reach an estimated \$755.3 million by 2027 with a CAGR of 5.8% from 2021 to 2027. The major drivers for this market is lower lifecycle cost compared to competing materials, such as steel, wood, and concrete and increasing demand for lightweight composite structures.

### Emerging Trends in the Composite Tube Market

Emerging trends, which have a direct impact on the dynamics of the industry, include development of high performance carbon fiber tube by discontinuous fiber and green technology products.

A total of 88 figures / charts and 66 tables are provided in this 135-page report to help in your business decisions. A sample figure with insights is shown below. To learn the scope of benefits, companies researched, and other details of the composite tube market report, please download the report brochure.

### Composite Tube Market by Segment

The study includes trends and forecast for the global composite tube market by end

use, fiber type, manufacturing process, and region as follows:

Composite Tube Market by End Use [Value (\$M) shipment analysis for 2016 – 2027]:

Industrial

Electrical

Robotics and Automation

Sports and Leisure

Transportation

Telecommunication

Others

Composite Tube Market by [Value (\$M) shipment analysis for 2016 – 2027]:

Carbon Fiber Tubes

Glass Fiber Tubes

Hybrid Tubes

Composite Tube Market by [Value (\$M) shipment analysis for 2016 – 2027]:

Pultrusion/ Pullwinding

Filament Winding

Others

Composite Tube Market by Region [Value (\$M) shipment analysis for 2016 – 2027]:

North America

Europe

Asia Pacific

The Rest of the World

## List of Composite Tube Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies composite tube companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the composite tube companies profiled in this report includes.

Exel Composites

Accurate Plastics

Strongwell Corporation

Fibertech Composite

Fibergrate Composite Structures

## Composite Tube Market Insight

Lucintel forecasts that sports and leisure will remain the largest end use segment over the forecast period due to its excellent physical properties, such as high strength & stiffness with low overall weight, excellent fatigue resistance, and dimensional stability.

Glass composite tube will remain the largest segment over the forecast period due to its low weight and excellent strength to weight ratio.

Asia Pacific is expected to remain the largest region over the forecast period due to due to the rapid industrialization, and urbanization.

## Features of Composite Tube Market

**Market Size Estimates:** Composite tube market size estimation in terms of value (\$M) and volume (M lbs)

**Trend and Forecast Analysis:** Market trends (2016-2021) and forecast (2022-2027) by various segments and regions.

**Segmentation Analysis:** Market size by end use, fiber type, manufacturing process and region

**Regional Analysis:** Composite tube market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

**Growth Opportunities:** Analysis of growth opportunities in different end use, fiber type, manufacturing process and region for the Composite tube market.

**Strategic Analysis:** This includes M&A, new product development, and competitive landscape for the Composite tube market.

**Analysis of competitive intensity of the industry based on Porter's Five Forces model.**

## FAQ

Q1. What is the composite tube market size?

Answer: The global composite tube market is expected to reach an estimated \$755.3 million by 2027.

Q2. What is the growth forecast for composite tube market?

Answer: The composite tube market is expected to grow at a CAGR of 5.8% from 2021

to 2027.

Q3. What are the major drivers influencing the growth of the composite tube market?

Answer: The major drivers for this market is lower lifecycle cost compared to competing materials, such as steel, wood, and concrete and increasing demand for lightweight composite structures.

Q4. What are the major applications or end use industries for composite tube?

Answer: Sports & leisure and industrial use are the major end use for composite tubes.

Q5. What are the emerging trends in composite tube market?

Answer: Emerging trends, which have a direct impact on the dynamics of the industry, include development of high performance carbon fiber tube by discontinuous fiber and green technology products.

Q6. Who are the key composite tube companies?

Answer: Some of the key composite tube companies are as follows:

Exel Composites

Accurate Plastics

Strongwell Corporation

Fibertech Composite

Fibergrate Composite Structures

Q7. Which composite tube product segment will be the largest in future?

Answer: Lucintel forecasts that glass composite tube will remain the largest segment over the forecast period due to its low weight and excellent strength to weight ratio.

Q8: In composite tube market, which region is expected to be the largest in next 5

years?

Answer: Asia Pacific is expected to remain the largest region over next 5 years.

Q9. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1 What are some of the most promising potential, high growth opportunities for the global composite tube market by end use (transportation, electrical, sports and leisure, telecommunication, industrial, robotics and automation, and others), by fiber type (carbon fiber, glass fiber, and hybrid), by manufacturing process (pultrusion/pullwinding, filament winding, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q. 2 Which segments will grow at a faster pace and why?

Q.3 Which regions will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges of the market?

Q.5 What are the business risks and threats to the market?

Q.6 What are the emerging trends in this market and the reasons behind them?

Q.7 What are the changing demands of customers in the market?

Q.8 What are the new developments in the market? Which companies are leading these developments?

Q.9 Who are the major players in this market? What strategic initiatives are being implemented by key players for business growth?

Q.10 What are some of the competitive products and processes in this area and how big of a threat do they pose for loss of market share via material or product substitution?

Q.11 What M & A activities have taken place in the last 5 years in this market?

For any questions related to composite tube market or related to composite tube market share, composite tube market analysis, composite tube market size, and composite tube manufacturers, write to Lucintel analysts at [helpdesk@lucintel.com](mailto:helpdesk@lucintel.com). We will be glad to get back to you soon.

## Contents

Table of Contents

### **1. EXECUTIVE SUMMARY**

### **2. GLOBAL COMPOSITE TUBE MARKET DYNAMICS**

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

### **3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2016 TO 2027**

3.1: Macroeconomic Trends and Forecasts

3.2: Global Composite Tube Market Trends and Forecast

3.3: Global Composite Tube Market by End Use

3.3.1: Transportation

3.3.2: Electrical

3.3.3: Sports & Leisure

3.3.4: Telecommunication

3.3.5: Industrial

3.3.6: Robotics and Automation

3.3.7: Others

3.4: Global Composite Tube Market by Fiber Type

3.5: Global Composite Tube Market by Manufacturing Process

### **4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION**

4.1: Global Composite Tube Market by Region

4.2: North American Composite Tube Market

4.2.1: Market by End Use: Transportation, Electrical, Sports and Leisure, Telecommunication, Industrial, Robotics and Automation and Others

4.3: European Composite Tube Market

4.3.1: Market by End Use: Transportation, Electrical, Sports and Leisure, Telecommunication, Industrial, Robotics and Automation and Others

4.4: APAC Composite Tube Market

4.4.1: Market by End Use: Transportation, Electrical, Sports and Leisure, Telecommunication, Industrial, Robotics and Automation and Others

#### 4.5: ROW Composite Tube Market

4.5.1: Market by End Use: Transportation, Electrical, Sports and Leisure, Telecommunication, Industrial, Robotics and Automation and Others

### **5. COMPETITOR ANALYSIS**

5.1: Product Portfolio Analysis

5.2: Market Share Analysis

5.3: Operational Integration

5.4: Geographical Reach

5.5: Porter's Five Forces Analysis

### **6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS**

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Composite Tube Market by End Use

6.1.2: Growth Opportunities for the Global Composite Tube Market by Fiber Type

6.1.3: Growth Opportunities for the Global Composite Tube Market by Manufacturing Process

6.1.4: Growth Opportunities for the Global Composite Tube Market by Region

6.2: Emerging Trends in the Global Composite Tube Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Mergers and Acquisitions

### **7. COMPANY PROFILES OF LEADING PLAYERS**

7.1: Exel Composites

7.2: Accurate Plastics

7.3: Strongwell Corporation

7.4: Fibertech Composite

7.5: Fibergrate Composite Structures

## I would like to order

Product name: Composite Tube Market: Trends, Forecast and Competitive Analysis

Product link: <https://marketpublishers.com/r/CB0901E06F06EN.html>

Price: US\$ 4,850.00 (Single User License / Electronic Delivery)
