Computer Aided Dispatch Trends and Forecast

The future of the global computer aided dispatch market looks promising with opportunities in the public safety, government & defense, transportation, power & utility, and healthcare markets. The global computer aided dispatch market is expected to grow with a CAGR of 11.4% from 2024 to 2030. The major drivers for this market are increasing focus on public safety, ongoing digital transformation, and rising adoption of interconnected gadgets.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Computer Aided Dispatch by Segment

The study includes a forecast for the global computer aided dispatch by component, end use, and region.

Computer Aided Dispatch Market by Component [Shipment Analysis by Value from 2018 to 2030]:

Software

Services

Computer Aided Dispatch Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Public Safety

Government & Defense

Transportation

Power & Utilities

Healthcare

Others

Computer Aided Dispatch Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Computer Aided Dispatch Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies computer aided dispatch companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the computer aided dispatch companies profiled in this report include-

Avtec

Harris Computer Systems

CARBYNE

CENTRALSQUARE

CODY Systems

Corti

DoubleMap

Harris

ESO

Hexagon

Computer Aided Dispatch Market Insights

Lucintel forecasts that software will remain larger segment over the forecast period due to its broad acceptance in a variety of public safety contexts, including emergency medical services and disaster management.

Within this market, public safety is expected to witness the highest growth due to increasing use of computer-aided dispatch software for different aspects of public safety, including crime prevention, fire safety, and other vital areas.

North America will remain the largest region over the forecast period due to growing need for solutions related to public safety, existence of advanced networking and communication infrastructure, and presence of key players in the region.

Features of the Global Computer Aided Dispatch Market

Market Size Estimates: Computer aided dispatch market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Computer aided dispatch market size by component, end use, and region in terms of value (\$B).

Regional Analysis: Computer aided dispatch market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different components, end uses, and regions for the computer aided dispatch market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the computer aided dispatch market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the growth forecast for computer aided dispatch market?

Answer: The global computer aided dispatch market is expected to grow with a CAGR of 11.4% from 2024 to 2030.

Q2. What are the major drivers influencing the growth of the computer aided dispatch market?

Answer: The major drivers for this market are increasing focus on public safety, ongoing digital transformation, and rising adoption of interconnected gadgets.

Q3. What are the major segments for computer aided dispatch market?

Answer: The future of the computer aided dispatch market looks promising with opportunities in the public safety, government & defense, transportation, power & utility, and healthcare markets.

Q4. Who are the key computer aided dispatch market companies?

Answer: Some of the key computer aided dispatch companies are as follows:

Avtec

Harris Computer Systems

CARBYNE

CENTRALSQUARE

CODY Systems

Corti

DoubleMap

Harris

ESO

Hexagon

Q5. Which computer aided dispatch market segment will be the largest in future?

Answer: Lucintel forecasts that software will remain larger segment over the forecast period due to its broad acceptance in a variety of public safety contexts, including emergency medical services and disaster management.

Q6. In computer aided dispatch market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period due to growing need for solutions related to public safety, existence of advanced networking and communication infrastructure, and presence of key players in the region.

Q7. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the computer aided dispatch market by component (software and services), end use (public safety, government & defense, transportation, power & utilities, healthcare, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
