Construction Flooring Chemical Market Trends and Forecast

The future of the global construction flooring chemical market looks promising with opportunities in the industrial flooring, residential flooring, waterproofing, repair and protection, anti-skid and anti-slip flooring, and other markets. The global construction flooring chemical market is expected to reach an estimated \$5.8 billion by 2028 with a CAGR of 5.3% from 2023 to 2028. The major drivers for this market are rising demand for advanced flooring along with increase in number of home improvement and renovation projects.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Construction Flooring Chemical Market by Segment

The study includes a forecast for the global construction flooring chemical market by product, application, and region, as follows:

Construction Flooring Chemical Market by Product [Value (\$B) Shipment Analysis from 2017 to 2028]:

Epoxy Floor Coating

Grout Chemicals

Admixtures Chemicals

Floor Hardeners

Curing and Sealing Compounds

Primers

Polyurethane Coating

Construction Flooring Chemical Market by Application [Value (\$B) Shipment Analysis from 2017 to 2028]:

Industrial Flooring

Residential Flooring

Waterproofing

Repair and Protection

Anti-Skid and Anti-Slip Flooring

Others

Construction Flooring Chemical Market by Region [Value (\$B) Shipment Analysis from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Construction Flooring Chemical Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies construction flooring chemical companies caters increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the construction flooring chemical companies profiled in this report includes.

AkzoNobel

BASF

Borealis

Dow Chemical

Dupont

Exxon Mobil

Construction Flooring Chemical Market Insights

Lucintel forecast that epoxy floor coating will remain the largest segment over the forecast period because it helps in delivering a strong bond between resin and reinforcement, which enables development of lightest as well as durable structures.

Industrial flooring is the highest growth segment due to increasing industrial construction activities, along with initiatives taken by Government for infrastructural development.

APAC will remain the largest region due to rapidly increasing construction sector and rise in government investments in public infrastructure and affordable housing solutions.

Features of the Construction Flooring Chemical Market

Market Size Estimates: Construction flooring chemical market size estimation in terms of value (\$B)

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Construction flooring chemical market size by various segments, such as by product, application, and region

Regional Analysis: Construction flooring chemical market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by product, application, and regions for the construction flooring chemical market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the construction flooring chemical market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the construction flooring chemical market size?

Answer: The global construction flooring chemical market is expected to reach an estimated \$5.8 billion by 2028.

Q2. What is the growth forecast for construction flooring chemical market?

Answer: The global construction flooring chemical market is expected to grow with a CAGR of 5.3% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the construction flooring chemical market?

Answer: The major drivers for this market are rising demand for advanced flooring along with increase in number of home improvement and renovation projects.

Q4. What are the major segments for construction flooring chemical market?

Answer: The future of the construction flooring chemical market looks promising with opportunities in the industrial flooring, residential flooring, waterproofing, repair and protection, anti-skid and anti-slip flooring, and other markets.

Q5. Who are the key construction flooring chemical companies?

Answer: Some of the key construction flooring chemical companies is as follows:

AkzoNobel

Basf

Borealis

Dow Chemical

Dupont

Exxon Mobil

Q6. Which construction flooring chemical segment will be the largest in future?

Answer: Lucintel forecast that epoxy floor coating will remain the largest segment over the forecast period because it helps in delivering a strong bond between resin and reinforcement, which enables development of lightest as well as durable structures.

Q7. In construction flooring chemical market, which region is expected to be the largest in next 5 years?

Answer: APAC will remain the largest region due to rapidly increasing construction sector and rise in government investments in public infrastructure and affordable housing solutions.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the construction flooring chemical market by product (epoxy floor coating, grout chemicals, admixtures chemicals, floor hardeners, curing and sealing compounds, primers, and polyurethane coating), application (industrial flooring, residential flooring, waterproofing, repair and protection, anti-skid and anti-slip flooring, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to construction flooring chemical market or related to construction flooring chemical companies, construction flooring chemical market size, construction flooring chemical market share, construction flooring chemical analysis, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL CONSTRUCTION FLOORING CHEMICAL MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)

3.2: Global Construction Flooring Chemical Market Trends (2017-2022) and Forecast (2023-2028)

3.3: Global Construction Flooring Chemical Market by Product

3.3.1: Epoxy Floor Coating

3.3.2: Grout Chemicals

3.3.3: Admixtures Chemicals

3.3.4: Floor Hardeners

3.3.5: Curing and Sealing Compounds

3.3.6: Primers

3.3.7: Polyurethane Coating

3.4: Global Construction Flooring Chemical Market by Application

3.4.1: Industrial Flooring

3.4.2: Residential Flooring

3.4.3: Waterproofing

3.4.4: Repair and Protection

3.4.5: Anti-Skid and Anti-Slip Flooring

3.4.6: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2017-2028

4.1: Global Construction Flooring Chemical Market by Region

4.2: North American Construction Flooring Chemical Market

4.2.1: North American Construction Flooring Chemical Market by Product

4.2.2: North American Construction Flooring Chemical Market by Application

4.3: European Construction Flooring Chemical Market

- 4.3.1: European Construction Flooring Chemical Market by Product
- 4.3.2: European Construction Flooring Chemical Market by Application
- 4.4: APAC Construction Flooring Chemical Market
 - 4.4.1: APAC Construction Flooring Chemical Market by Product
 - 4.4.2: APAC Construction Flooring Chemical Market by Application
- 4.5: ROW Construction Flooring Chemical Market
 - 4.5.1: ROW Construction Flooring Chemical Market by Product
 - 4.5.2: ROW Construction Flooring Chemical Market by Application

5. COMPETITOR ANALYSIS

- 5.1: Product Portfolio Analysis
- 5.2: Operational Integration
- 5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

- 6.1: Growth Opportunity Analysis
 - 6.1.1: Growth Opportunities for the Global Construction Flooring Chemical Market by Product
 - 6.1.2: Growth Opportunities for the Global Construction Flooring Chemical Market by Application
 - 6.1.3: Growth Opportunities for the Global Construction Flooring Chemical Market by Region
- 6.2: Strategic Analysis
 - 6.2.1: New Product Development
 - 6.2.2: Capacity Expansion of the Global Construction Flooring Chemical Market
 - 6.2.3: Mergers, Acquisitions, and Joint Ventures in the Global Construction Flooring Chemical Market
 - 6.2.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

- 7.1: AkzoNobel
- 7.2: Basf
- 7.3: Borealis
- 7.4: Dow Chemical
- 7.5: Dupont
- 7.6: Exxon Mobil
