Some of the construction repaint companies profiled in this report include Arkema, Solva, Nuplex Industries, BASF, Covestro, DIC, DSM Coating Resins, Momentive Performance Materials, Huntsman, The Dow Chemical, LyondellBasell Industries, and Eastman Chemical.

Lucintel forecasts that waterborne will remain the largest segment over the forecast period as regulations on the harmful emission by regulatory bodies such as, Environmental Protection Agency (USA), Registration, Evaluation, Authorisation and Restriction of Chemicals (Europe), and National Standard GB 18582-2008 (China) promote low-carbon emission paints.

Within this market, non-residential construction will remain the largest segment by application over the forecast period due to increasing investments in the non-residential construction sector such as infrastructure, buildings, city development, urbanization, and maintenance & repair works.

Asia-Pacific will remain the largest region and it is also expected to witness the highest growth over the forecast period due to growth in the building & construction industry in this region.
