Abstracts

Consumer Electronics in the FPC Market Trends and Forecast

The future of consumer electronics in the FPC market looks promising with opportunities in the single layer, double layer, multi-layer, and rigid-flex markets. Consumer electronics in the global FPC market is expected to reach an estimated \$2.4 billion by 2028 with a CAGR of 5.3% from 2023 to 2028. The major drivers for this market are on-going digital connectivity, which has necessitated the usage of portable and secure electronic devices and increased the usage of flexible PCBs in order to provide unbreakable, water resistant, and damage free devices.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Consumer Electronics in the FPC Market by Segment

The study includes a forecast for consumer electronics in the global FPC market by technology, laminate material type, and region, as follows:

Consumer Electronics in FPC Market by Technology [Value (\$B) Shipment Analysis from 2017 to 2028]:

Single Layer

Double Layer

Multi- Layer

Rigid-Flex

Consumer Electronics in FPC Market by Laminate Material Type [Value (\$B) Shipment Analysis from 2017 to 2028]:

Polyimide

Polyester

Others

Consumer Electronics in FPC Market by Region [Value (\$B) Shipment Analysis from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Consumer Electronics Companies in the Global FPC Market

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies consumer electronics companies in the global FPC market cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the consumer electronics companies in the global FPC market profiled in this report include.

MFLEX (DSBJ)

ZDT

Fujikura

Nippon Mektron

Flexium

Consumer Electronics in the FPC Market Insights

Lucintel forecasts that polyimide is expected to witness higher growth over the forecast period due to the growing use of polyimide based FPC in electronic gadgets.

Single layer is expected to witness higher growth over the forecast period due to the growing use of affordable single layer FPC in various electronic gadgets and other handheld devices.

APAC will remain the largest region due to strong growth in the consumption of consumer electronic devices and growing use of smartphones along with increasing adoption of smart TVs featuring IoT technology.

Features of Consumer Electronics in the FPC Market

Market Size Estimates: Consumer electronics in the FPC market size estimation in terms of value (\$B)

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Consumer electronics in the FPC market size by various segments, such as by technology, laminate material type, and region

Regional Analysis: Consumer electronics in the FPC market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by technology, laminate material type, and regions for consumer electronics in the FPC market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for consumer electronics in the FPC market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is consumer electronics in the FPC market size?

Answer: Consumer electronics in the global FPC market is expected to reach an estimated \$2.4 billion by 2028.

Q2. What is the growth forecast for consumer electronics in the FPC market?

Answer: Consumer electronics in the global FPC market is expected to grow with a CAGR of 5.3% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the consumer electronics in the FPC market?

Answer: The major drivers for this market are on-going digital connectivity, which has necessitated the usage of portable and secure electronic devices and increased the usage of flexible PCBs in order to provide unbreakable, water resistant, and damage free devices.

Q4. What are the major segments for consumer electronics in the FPC market?

Answer: The future of the consumer electronics in FPC market looks promising with opportunities in the single layer, double layer, multi-layer, and rigid-flex markets.

Q5. Who are the key consumer electronics companies in the global FPC market?

Answer: Some of the key consumer electronics companies in the global FPC market are

as follows:

MFLEX (DSBJ)

ZDT

Fujikura

Nippon Mektron

Flexium

Q6. Which consumer electronics in the FPC segment will be the largest in future?

Answer: Lucintel forecasts that polyimide is expected to witness higher growth over the forecast period due to the growing use of polyimide based FPC in electronic gadgets.

Q7. In consumer electronics in the FPC market, which region is expected to be the largest in next 5 years?

Answer: APAC will remain the largest region due to strong growth in the consumption of consumer electronic devices and growing use of smartphones along with increasing adoption of smart TVs featuring IoT technology.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the consumer electronics in the FPC market by technology (single layer, double layer, multi-layer, and rigid flex), laminate material type (polyimide, polyester, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

- Q.5. What are the business risks and competitive threats in this market?
- Q.6. What are the emerging trends in this market and the reasons behind them?
- Q.7. What are some of the changing demands of customers in the market?
- Q.8. What are the new developments in the market? Which companies are leading these developments?
- Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?
- Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?
- Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to consumer electronics in the global FPC market or related to consumer electronics in the global FPC companies, consumer electronics in the global FPC market size, consumer electronics in the global FPC market share, consumer electronics in the global FPC analysis, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. CONSUMER ELECTRONICS IN THE GLOBAL FPC MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)

3.2: Consumer Electronics in the Global FPC Market Trends (2017-2022) and Forecast (2023-2028)

3.3: Consumer Electronics in the Global FPC Market by Technology

3.3.1: Single-Sided FPC

3.3.2: Polyester

3.3.3: Others

3.4: Consumer Electronics in the Global FPC Market by Laminate Material Type

3.4.1: Single-Sided FPC Polyimide

3.4.2: Double-Sided FPC

3.4.3: Multi-Layer FPC

3.4.4: Rigid-Flex FPC

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2017 TO 2028

4.1: Consumer Electronics in the Global FPC Market by Region

4.2: Consumer Electronics in the North American FPC Market

4.2.1: Consumer Electronics in the North American FPC Market by Technology: Single Layer, Double Layer, Multi-Layer, and Rigid Flex

4.2.2: Consumer Electronics in the North American FPC Market by Laminate Material Type: Polyimide, Polyester, and Others

4.3: Consumer Electronics in the European FPC Market

4.3.1: Consumer Electronics in the European FPC Market by Technology: Single Layer, Double Layer, Multi-Layer, and Rigid Flex

4.3.2: Consumer Electronics in the European FPC Market by Laminate Material Type:

Polyimide, Polyester, and Others

4.4: Consumer Electronics in the APAC FPC Market

4.4.1: Consumer Electronics in the APAC FPC Market by Technology: Single Layer, Double Layer, Multi-Layer, and Rigid Flex

4.4.2: Consumer Electronics in the APAC FPC Market by Laminate Material Type: Polyimide, Polyester, and Others

4.5: Consumer Electronics in the ROW FPC Market

4.5.1: Consumer Electronics in the ROW FPC Market by Technology: Single Layer, Double Layer, Multi-Layer, and Rigid Flex

4.5.2: Consumer Electronics in the ROW FPC Market by Laminate Material Type: Polyimide, Polyester, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for Consumer Electronics in the Global FPC Market by Technology

6.1.2: Growth Opportunities for Consumer Electronics in the Global FPC Market by Laminate Material Type

6.1.3: Growth Opportunities for Consumer Electronics in the Global FPC Market by Region

6.2: Emerging Trends of Consumer Electronics in the Global FPC Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of Consumer Electronics in the Global FPC Market

6.3.3: Mergers, Acquisitions, and Joint Ventures of Consumer Electronics in the Global FPC Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: MFLEX (DSBJ)

7.2: ZDT

7.3: Fujikura

7.4: Nippon Mektron

7:5: FLEXIUM
