Container as a Service Market Trends and Forecast

The future of container as a service (CaaS) market looks promising with opportunities in the retail and consumer goods, manufacturing, media, entertainment and gaming, IT and telecommunication, healthcare, BFSI, transportation & logistic, and travel & hospitality sectors. The global container as a service market is expected to grow with a CAGR of 22% to 24% from 2023 to 2028. The major drivers for this market are greater flexibility than on-premises containers and increasing popularity of microservices.

Container as a Service Market

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below. To learn the scope, benefits, companies researched and other details of the global container as a service market report, please download the report brochure.

Container as a Service Market by Segments

Container as a Service Market by Segment

The study includes a forecast for the global container as a service market by service type, deployment model, organization size, end use industry, and region, as follows:

Container as a Service Market by Service Type [Value ($B) Shipment Analysis from 2017 to 2028]:

Management & Orchestration

Security

Monitoring and Analytics

Storage and Networking

Continuous Integration and Continuous Deployment(CI/CD)

Training and Consulting

Support and Maintenance

Container as a Service Market by Deployment Model [Value ($B) Shipment Analysis from 2017 to 2028]:

Public Cloud

Private Cloud

Hybrid Cloud

Container as a Service Market by Organization Size [Value ($B) Shipment Analysis from 2017 to 2028]:

SMEs

Large Enterprises

Container as a Service Market by End Use Industry [Value ($B) Shipment Analysis from 2017 to 2028]:

Retail and Consumer Goods

Manufacturing

Media

Entertainment and Gaming

IT and Telecommunication

Healthcare

BFSI

Transportation & Logistic

Travel & Hospitality

Container as a Service Market by Region [Value ($B) Shipment Analysis from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Container as a Service Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies container as a service companies cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the container as a service companies profiled in this report include.

Cisco

Hewlett Packard

IBM

Oracle

Huawei

Container as a Service Market Insights

Lucintel forecasts that public cloud will remain the largest segment over the forecast period due to the growing use of public clouds among SMEs as they are more accessible, affordable, require less labour, produce results more quickly, and have lower operating costs.

IT and telecommunication is expected to remain the largest segment due to the growing subscriber base necessitates expanding their storage capacity to manage and increasing use of CaaS solutions to offer clients on-demand information and real-time services.

Asia Pacific will remain the fastest growing region due to the increasing demand from end use industries for infrastructure services & distributed storage management and increasing use of micro services and technological advancement.

Features of the Container as a Service Market

Market Size Estimates: Container as a service market size estimation in terms of value ($B)

Trend and Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Container as a service market size by various segments, such as by service type, deployment model, organization size, end use industry, and region.

Regional Analysis: Container as a service market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by service type, deployment model, organization size, end use industry, and regions for the container as a service market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the container as a service market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the container as a service market size?

Answer: The global container as a service market is expected to reach an estimated $xx billion by 2028.

Q2. What is the growth forecast for container as a service market?

Answer: The global container as a service market is expected to grow with a CAGR of 22% to 24% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the container as a service market?

Answer: The major drivers for this market are greater flexibility than on-premises containers and increasing popularity of microservices.

Q4. What are the major segments for container as a service market?

Answer: The future of container as a service (CaaS) market looks promising with opportunities in the retail and consumer goods, manufacturing, media, entertainment and gaming, IT and telecommunication, healthcare, BFSI, transportation & logistic, and travel & hospitality sectors.

Q5. Who are the key container as a service companies?

Answer: Some of the key container as a service companies are as follows:

Cisco

Hewlett Packard

IBM

Oracle

Huawei

Q6. Which container as a service segment will be the largest in future?

Answer: Lucintel forecasts that public cloud will remain the largest segment over the forecast period due to the growing use of public clouds among SMEs as they are more accessible, affordable, require less labour, produce results more quickly, and have lower operating costs.

Q7. In container as a service market, which region is expected to be the largest in next 5 years?

Answer: Asia Pacific will remain the fastest growing region due to the increasing demand from end use industries for infrastructure services & distributed storage management and increasing use of micro services and technological advancement.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the container as a service market by service type (management & orchestration, security, monitoring and analytics, storage and networking, continuous integration and continuous

deployment(CI/CD), training and consulting, and support and maintenance), deployment model (public cloud, private cloud, and hybrid cloud), organization size (SMEs and large enterprises), end use industry (retail and consumer goods, manufacturing, media, entertainment and gaming, IT and telecommunication, healthcare, BFSI, transportation & logistic, and travel & hospitality), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to container as a service market or related to container as a service companies, container as a service market size, container as a service market share, container as a service analysis

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL CONTAINER AS A SERVICE MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications
2.2: Supply Chain
2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)
3.2: Global Container as a Service Market Trends (2017-2022) and Forecast (2023-2028)
3.3: Global Container as a Service Market by Service Type
  3.3.1: Management & Orchestration
  3.3.2: Security
  3.3.3: Monitoring and Analytics
  3.3.4: Storage and Networking
  3.3.5: Continuous Integration and Continuous Deployment(CI/CD)
  3.3.6: Training and Consulting
  3.3.7: Support and Maintenance
3.4: Global Container as a Service Market by Deployment Model
  3.4.1: Public Cloud
  3.4.2: Private Cloud
  3.4.3: Hybrid Cloud
3.5: Global Container as a Service Market by Organization Size
  3.5.1: SMEs
  3.5.2: Large Enterprises
3.6: Global Container as a Service Market by End Use Industry
  3.6.1: Retail and Consumer Goods
  3.6.2: Manufacturing
  3.6.3: Media
  3.6.4: Entertainment and Gaming
  3.6.5: IT and Telecommunication
  3.6.6: Healthcare
  3.6.7: BFSI
  3.6.8: Transportation & Logistic

3.6.9: Travel & Hospitality

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2017-2028

4.1: Global Container as a Service Market by Region

4.2: North American Container as a Service Market

  4.2.1: North American Container as a Service Market by Deployment Model: Public Cloud, Private Cloud, and Hybrid Cloud

  4.2.2: North American Container as a Service Market by End Use Industry: Retail and Consumer Goods, Manufacturing, Media, Entertainment and Gaming, IT and Telecommunication, Healthcare, BFSI, Transportation & Logistic, and Travel & Hospitality

4.3: European Container as a Service Market

  4.3.1: European Container as a Service Market by Deployment Model: Public Cloud, Private Cloud, and Hybrid Cloud

  4.3.2: European Container as a Service Market by End Use Industry: Retail and Consumer Goods, Manufacturing, Media, Entertainment and Gaming, IT and Telecommunication, Healthcare, BFSI, Transportation & Logistic, and Travel & Hospitality

4.4: APAC Container as a Service Market

  4.4.1: APAC Container as a Service Market by Deployment Model: Public Cloud, Private Cloud, and Hybrid Cloud

  4.4.2: APAC Container as a Service Market by End Use Industry: Retail and Consumer Goods, Manufacturing, Media, Entertainment and Gaming, IT and Telecommunication, Healthcare, BFSI, Transportation & Logistic, and Travel & Hospitality

4.5: ROW Container as a Service Market

  4.5.1: ROW Container as a Service Market by Deployment Model: Public Cloud, Private Cloud, and Hybrid Cloud

  4.5.2: ROW Container as a Service Market by End Use Industry: Retail and Consumer Goods, Manufacturing, Media, Entertainment and Gaming, IT and Telecommunication, Healthcare, BFSI, Transportation & Logistic, and Travel & Hospitality

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis
  6.1.1: Growth Opportunities for the Global Container as a Service Market by Service Type
  6.1.2: Growth Opportunities for the Global Container as a Service Market by Deployment Model
  6.1.3: Growth Opportunities for the Global Container as a Service Market by Organization Size
  6.1.4: Growth Opportunities for the Global Container as a Service Market by End Use Industry
  6.1.5: Growth Opportunities for the Global Container as a Service Market by Region
6.2: Emerging Trends in the Global Container as a Service Market
6.3: Strategic Analysis
  6.3.1: New Product Development
  6.3.2: Capacity Expansion of the Global Container as a Service Market
  6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Container as a Service Market

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Cisco
7.2: Hewlett Packard
7.3: IBM
7.4: Oracle

7:5: HUAWEI
