Cryopreservation System Trends and Forecast

The future of the global cryopreservation system market looks promising with opportunities in the biobank, research & academic institute, and hospital & clinic markets. The global cryopreservation system market is expected to grow with a CAGR of 10.6% from 2024 to 2030. The major drivers for this market are increasing demand for personalized medicine, technological advancement, and rising number of government initiatives for preservation of stem cells.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Cryopreservation System by Segment

The study includes a forecast for the global cryopreservation system by product, application, end use, and region.

Cryopreservation System Market by Product [Shipment Analysis by Value from 2018 to 2030]:

Freezers

Storage Systems

Cryopreservation Bags

Cryopreservation Accessories

Cryopreservation System Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Biobanking

Drug Discovery and Development

Assisted Reproductive Technologies

Regenerative Medicine

Others

Cryopreservation System Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Biotechnology and Pharmaceutical Companies

Research and Academic Institutes

Hospitals and Clinics

Others

Cryopreservation System Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Cryopreservation System Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies cryopreservation system companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the cryopreservation system companies profiled in this report include-

Chart Industries

Panasonic Biomedical

Thermo Fisher Scientific

VWR

BioLife Solutions

Cryopreservation System Market Insights

Lucintel forecasts that freezer is expected to witness highest growth over the forecast period.

Within this market, biobank will remain the largest segment due to increasing investments in biobanking facilities and infrastructure.

North America will remain the largest region over the forecast period due to presence of advanced healthcare infrastructure and increasing support from government and private organizations in the region.

Features of the Global Cryopreservation System Market

Market Size Estimates: Cryopreservation system market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Cryopreservation system market size by product, application, end use, and region in terms of value (\$B).

Regional Analysis: Cryopreservation system market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different products, applications, end uses, and regions for the cryopreservation system market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the cryopreservation system market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the growth forecast for cryopreservation system market?

Answer: The global cryopreservation system market is expected to grow with a CAGR of 10.6% from 2024 to 2030.

Q2. What are the major drivers influencing the growth of the cryopreservation system market?

Answer: The major drivers for this market are increasing demand for personalized medicine, technological advancement, and rising number of government initiatives for preservation of stem cells.

Q3. What are the major segments for cryopreservation system market?

Answer: The future of the cryopreservation system market looks promising with opportunities in the biobank, research & academic institute, and hospital & clinic markets.

Q4. Who are the key cryopreservation system market companies?

Answer: Some of the key cryopreservation system companies are as follows:

Chart Industries

Panasonic Biomedical

Thermo Fisher Scientific

VWR

BioLife Solutions

Q5. Which cryopreservation system market segment will be the largest in future?

Answer: Lucintel forecasts that freezer is expected to witness highest growth over the forecast period due to wide range of applications.

Q6. In cryopreservation system market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period due to presence of advanced healthcare infrastructure and increasing support from government and private organizations in the region.

Q7. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the cryopreservation system market by product (freezers, storage systems, cryopreservation bags, and cryopreservation accessories), application (biobanking, drug discovery and development, assisted reproductive technologies, regenerative medicine, and others), end use (biotechnology and pharmaceutical companies, research and

academic institutes, hospitals and clinics, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Cryopreservation System Market, Cryopreservation System Market Size, Cryopreservation System Market Growth, Cryopreservation System Market Analysis, Cryopreservation System Market Report, Cryopreservation System Market Share, Cryopreservation System Market Trends, Cryopreservation System Market Forecast, Cryopreservation System Companies, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL CRYOPRESERVATION SYSTEM MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Cryopreservation System Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Cryopreservation System Market by Product

3.3.1: Freezers

3.3.2: Storage Systems

3.3.3: Cryopreservation Bags

3.3.4: Cryopreservation Accessories

3.4: Global Cryopreservation System Market by Application

3.4.1: Biobanking

3.4.2: Drug Discovery and Development

3.4.3: Assisted Reproductive Technologies

3.4.4: Regenerative Medicine

3.4.5: Others

3.5: Global Cryopreservation System Market by End Use

3.5.1: Biotechnology and Pharmaceutical Companies

3.5.2: Research and Academic Institutes

3.5.3: Hospitals and Clinics

3.5.4: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global Cryopreservation System Market by Region

4.2: North American Cryopreservation System Market

4.2.1: North American Cryopreservation System Market by Product: Freezers, Storage Systems, Cryopreservation Bags, and Cryopreservation Accessories

4.2.2: North American Cryopreservation System Market by Application: Biobanking, Drug Discovery and Development, Assisted Reproductive Technologies, Regenerative Medicine, and Others

4.3: European Cryopreservation System Market

4.3.1: European Cryopreservation System Market by Product: Freezers, Storage Systems, Cryopreservation Bags, and Cryopreservation Accessories

4.3.2: European Cryopreservation System Market by Application: Biobanking, Drug Discovery and Development, Assisted Reproductive Technologies, Regenerative Medicine, and Others

4.4: APAC Cryopreservation System Market

4.4.1: APAC Cryopreservation System Market by Product: Freezers, Storage Systems, Cryopreservation Bags, and Cryopreservation Accessories

4.4.2: APAC Cryopreservation System Market by Application: Biobanking, Drug Discovery and Development, Assisted Reproductive Technologies, Regenerative Medicine, and Others

4.5: ROW Cryopreservation System Market

4.5.1: ROW Cryopreservation System Market by Product: Freezers, Storage Systems, Cryopreservation Bags, and Cryopreservation Accessories

4.5.2: ROW Cryopreservation System Market by Application: Biobanking, Drug Discovery and Development, Assisted Reproductive Technologies, Regenerative Medicine, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Cryopreservation System Market by Product

6.1.2: Growth Opportunities for the Global Cryopreservation System Market by Application

6.1.3: Growth Opportunities for the Global Cryopreservation System Market by End Use

6.1.4: Growth Opportunities for the Global Cryopreservation System Market by Region

6.2: Emerging Trends in the Global Cryopreservation System Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Cryopreservation System Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Cryopreservation System Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Chart Industries

7.2: Panasonic Biomedical

7.3: Thermo Fisher Scientific

7.4: VWR

7.5: BioLife Solutions
