A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Data Center Containment System by Segment

The study includes a forecast for the global data center containment system by type, application, and region.

Data Center Containment System Market by Type [Shipment Analysis by Value from 2018 to 2030]:

Hot Aisle Containment

Cold Aisle Containment

Data Center Containment System Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Large Enterprises

Small and Medium Enterprise (SMEs)

Data Center Containment System Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Data Center Containment System Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies data center containment system companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the data center containment system companies profiled in this report include-

DirectNET

Polargy

Vertiv Group

Eaton Corporation

Kingspan Group

Legrand

Siemon

Data Center Containment System Market Insights

Lucintel forecasts that hot aisle containment is expected to witness higher growth over the forecast period.

Within this market, large enterprises is expected to witness higher growth.

APAC is expected to witness the highest growth over the forecast period.

Features of the Global Data Center Containment System Market

Market Size Estimates: Data center containment system market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Data center containment system market size by type, application, and region in terms of value (\$B).

Regional Analysis: Data center containment system market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different type, application, and regions for the data center containment system market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the data center containment system market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the growth forecast for data center containment system market?

Answer: The global data center containment system market is expected to grow with a CAGR of 13.4% from 2024 to 2030.

Q2. What are the major drivers influencing the growth of the data center containment system market?

Answer: The major drivers for this market are rising demand for data storage and processing, increasing focus on energy efficiency and sustainability, along with the stringent government regulations, and growing adoption of cloud computing technologies.

Q3. What are the major segments for data center containment system market?

Answer: The future of the global data center containment system market looks promising with opportunities in the large enterprise and small and medium enterprise (SMEs) markets.

Q4. Who are the key data center containment system market companies?

Answer: Some of the key data center containment system companies are as follows:

DirectNET

Polargy

Vertiv Group

Eaton Corporation

Kingspan Group

Legrand

Siemon

Q5. Which data center containment system market segment will be the largest in future?

Answer: Lucintel forecasts that hot aisle containment is expected to witness higher growth over the forecast period.

Q6. In data center containment system market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness the highest growth over the forecast period.

Q7. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the data center containment system market by type (hot aisle containment and cold aisle containment), application (large enterprises and small and medium enterprise (SMEs)), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?
