Dehydrated Potato Trends and Forecast

The future of the global dehydrated potato market looks promising with opportunities in the food service and retail channel markets. The global dehydrated potato market is expected to reach an estimated \$7.3 billion by 2030 with a CAGR of 6.8% from 2024 to 2030. The major drivers for this market are growing demand for products from the expanding foodservice sector, the growing appeal of convenience and ready-to-eat (RTE) foods, and continuous developments in dehydration technologies.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Dehydrated Potato by Segment

The study includes a forecast for the global dehydrated potato by form, nature, distribution channel, and region.

Dehydrated Potato Market by Form [Shipment Analysis by Value from 2018 to 2030]:

Flakes

Powder

Dices

Shreds

Others

Dehydrated Potato Market by Nature [Shipment Analysis by Value from 2018 to 2030]:

Organic

Conventional

Dehydrated Potato Market by Distribution Channel [Shipment Analysis by Value from 2018 to 2030]:

Food Services

Retail Channel

Dehydrated Potato Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Dehydrated Potato Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies dehydrated potato companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce

production costs, and expand their customer base. Some of the dehydrated potato companies profiled in this report include-

McCain Foods

Basic American Foods

Lamb Weston

Idahoan Foods

Pacific Valley Foods

Augason Farms

Idaho Supreme Potatoes

Birkamidon

Rohstoffhandels

J.R. Short Milling B.V.

Dehydrated Potato Market Insights

Lucintel forecasts that powder will remain the largest segment over the forecast period because of its use in meals such as soup, gravies and curries which is becoming more acceptable to the household.

Within this market, food services will remain larger segment due to extension of the food delivery network.

APAC is expected to witness the highest growth over the forecast period due to availability of instant potato producers and the growing use of the product to thicken sauces and stews.

Features of the Global Dehydrated Potato Market

Market Size Estimates: Dehydrated potato market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Dehydrated potato market size by form, nature, distribution channel, and region in terms of value (\$B).

Regional Analysis: Dehydrated potato market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different form, nature, distribution channel, and regions for the dehydrated potato market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the dehydrated potato market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the dehydrated potato market size?

Answer: The global dehydrated potato market is expected to reach an estimated \$7.3 billion by 2030.

Q2. What is the growth forecast for dehydrated potato market?

Answer: The global dehydrated potato market is expected to grow with a CAGR of 6.8% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the dehydrated potato market?

Answer: The major drivers for this market are growing demand for products from the expanding foodservice sector, the growing appeal of convenience and ready-to-eat (RTE) foods, and continuous developments in dehydration technologies.

Q4. What are the major segments for dehydrated potato market?

Answer: The future of the global dehydrated potato market looks promising with opportunities in the food service and retail channel markets.

Q5. Who are the key dehydrated potato market companies?

Answer: Some of the key dehydrated potato companies are as follows:

McCain Foods

Basic American Foods

Lamb Weston

Idahoan Foods

Pacific Valley Foods

Augason Farms

Idaho Supreme Potatoes

Birkamidon

Rohstoffhandels

J.R. Short Milling B.V.

Q6. Which dehydrated potato market segment will be the largest in future?

Answer: Lucintel forecasts that powder will remain the largest segment over the forecast period because of its use in meals such as soup, gravies and curries which is becoming more acceptable to the household.

Q7. In dehydrated potato market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness the highest growth over the forecast period due to

availability of instant potato producers and the growing use of the product to thicken sauces and stews.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the dehydrated potato market by form (flakes, powder, dices, shreds, and others), nature (organic and conventional), distribution channel (food services and retail channel), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
