Dementia Care Product Trends and Forecast

The future of the global dementia care product market looks promising with opportunities in the long term care center and home care setting markets. The global dementia care product market is expected to grow with a CAGR of 8.2% from 2024 to 2030. The major drivers for this market are surge in old age population, increasing cases of Alzheimer's disease, and expansion of the healthcare infrastructure in the emerging countries.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Dementia Care Product by Segment

The study includes a forecast for the global dementia care product by product, end use, and region.

Dementia Care Product Market by Product [Shipment Analysis by Value from 2018 to 2030]:

Personal Safety Products

Daily Reminder Products

Memory Exercise & Activity Products

Dining Aids

Bathroom Safety Products

Others

Dementia Care Product Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Long Term Care Centers

Home Care Settings

Others

Dementia Care Product Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Dementia Care Product Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies dementia care product companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the dementia care

product companies profiled in this report include-

Best Alzheimer's Products

Healthcare Products

EasierLiving

Parentgiving

Find Memory Care

NRS Healthcare

Buddi

Dementia Care Product Market Insights

Lucintel forecasts that personal safety product is expected to witness the highest growth over the forecast period.

Within this market, long term care center will remain the largest segment due to the growing number of individuals who require residential care in developed nations, such as the United States, Germany, Japan, and France.

North America will remain the largest region over the forecast period due to growing number of elderly people and easy accessibility of cutting-edge medical services in the region.

Features of the Global Dementia Care Product Market

Market Size Estimates: Dementia care product market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Dementia care product market size by product, end use, and

region in terms of value (\$B).

Regional Analysis: Dementia care product market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different products, end uses, and regions for the dementia care product market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the dementia care product market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ
