Dental Consumable Market Trends and Forecast

The future of the global dental consumable market looks promising with opportunities in hospital and dental clinic segments. The global dental consumable market is expected to reach an estimated \$55.5 billion by 2028 with a CAGR of 8% from 2023 to 2028. The major drivers for this market are increasing incidence of dental illness, increasing demand for aesthetic dental treatments, and rising geriatric population with oral disorders.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Dental Consumable Market by Segment

The study includes a forecast for the global dental consumable market by product type, end use industry, and region, as follows:

Dental Consumable Market by Product Type [Value (\$B) Shipment Analysis from 2017 to 2028]:

Dental Implants

Crowns & Bridges

Dental Biomaterials

Orthodontic Materials

Endodontic Materials

Periodontic Materials

Dental Consumable Market by End Use Industry [Value (\$B) Shipment Analysis from 2017 to 2028]:

Hospitals

Dental Clinics

Dental Consumable Market by Region [Value (\$B) Shipment Analysis from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Dental Consumable Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies dental consumable companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the dental consumable companies profiled in this report include.

Institut Straumann

Dentsply Sirona

Zimmer Biomet

3M

Henry Schein

Kuraray Noritake Dental

Mitsui Chemicals

Geistlich Pharma

Ivoclar Vivadent

Dental Consumable Market Insights

Lucintel forecast that dental implants will remain the largest segment over the forecast period due to growing number of initiatives taken by market players on the development of new product related to dental implants, along with high prevalence of oral cancer and rising awareness about oral health.

Dental clinic segment is projected to record the highest growth due to increase in number of independent dental clinics along with high preference of dental clinics by patients for dental implantations and other procedures.

European region is expected to remain the largest region during the forecast period due to enhanced diagnostic techniques in the region and rising public awareness about dental care.

Features of the Dental Consumable Market

Market Size Estimates: Dental consumable market size estimation in terms of value (\$B)

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Dental consumable market size by various segments, such as by product type, end use industry, and region

Regional Analysis: Dental consumable market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by product type, end use industry, and regions for the dental consumable market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the dental consumable market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the dental consumable market size?

Answer: The global dental consumable market is expected to reach an estimated \$55.5 billion by 2028.

Q2. What is the growth forecast for dental consumable market?

Answer: The global dental consumable market is expected to grow with a CAGR of 8.0% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the dental consumable market?

Answer: The major drivers for this market are increasing incidence of dental illness, increasing demand for aesthetic dental treatments, and rising geriatric population with oral disorders.

Q4. What are the major segments for dental consumable market?

Answer: The future of the dental consumable market looks promising with opportunities in hospital and dental clinic segments.

Q5. Who are the key dental consumable companies?

Answer: Some of the key dental consumable companies are as follows:

Institut Straumann

Envista Holdings

Dentsply Sirona

Zimmer Biomet

3M

Henry Schein

Kuraray Noritake Dental

Mitsui Chemicals

Geistlich Pharma

Ivoclar Vivadent

Q6. Which dental consumable segment will be the largest in future?

Answer: Lucintel forecast that dental implants will remain the largest segment over the forecast period due to growing number of initiatives taken by market players on the development of new product related to dental implants, along with high prevalence of oral cancer and rising awareness about oral health.

Q7. In dental consumable market, which region is expected to be the largest in next 5 years?

Answer: European region is expected to remain the largest region during the forecast period due to enhanced diagnostic techniques in the region and rising public awareness about dental care.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the dental consumable market by product (dental implants, crowns & bridges, dental biomaterials, orthodontic materials, endodontic materials, and periodontic materials), end use industry (hospitals and dental clinics), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to dental consumable market or related to dental consumable companies, zootechnical feed additive market size, dental consumable market share, dental consumable analysis, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad to get back to you soon.

Contents
