Digital Dentistry Trends and Forecast

The future of the global digital dentistry market looks promising with opportunities in the orthodontic, prosthodontic, and implantology markets. The global digital dentistry market is expected to reach an estimated $15 billion by 2030 with a CAGR of 10.4% from 2024 to 2030. The major drivers for this market are growing prevalence of dental diseases and disorders, rising demand for minimally invasive dental procedures, and increasing adoption of big data and internet and communication technologies in the healthcare industry.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Digital Dentistry by Segment

The study includes a forecast for the global digital dentistry by product, application, specialty areas, end use, and region.

Digital Dentistry Market by Product [Shipment Analysis by Value from 2018 to 2030]:

Equipments

Software

The Rest of the World

List of Digital Dentistry Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies digital dentistry companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the digital dentistry companies profiled in this report include-

Dentsply Sirona

Envista

3M

Ivoclar Vivadent

Planmeca

3Shape

Align Technologies

J Morita

3D Systems

Straumann

Digital Dentistry Market Insights

Lucintel forecasts that diagnostic will remain the largest segment over the forecast period due to surge in aging population, rising incidence of tooth decay cases and growing annual visits in the developed countries.

+44 20 8123 2220
info@marketpublishers.com

Within this market, orthodontic is expected to witness the highest growth due to growing adoption of chairside CAD/SAM software.

APAC is expected to witness highest growth over the forecast period due to rising number of tooth and dental restoration procedures as well as the increasing popularity of beauty treatments.

Features of the Global Digital Dentistry Market

Market Size Estimates: Digital dentistry market size estimation in terms of value ($B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Digital dentistry market size by various segments, such as by product, application, specialty areas, end use, and region in terms of value ($B).

Regional Analysis: Digital dentistry market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different products, applications, specialty areas, end uses, and regions for the digital dentistry market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the digital dentistry market.

Analysis of competitive intensity of the industry based on Porter’s Five Forces model.

FAQ

Q1. What is the digital dentistry market size?

Answer: The global digital dentistry market is expected to reach an estimated $15 billion by 2030.

Q2. What is the growth forecast for digital dentistry market?

Answer: The global digital dentistry market is expected to grow with a CAGR of 10.4%

+44 20 8123 2220
info@marketpublishers.com

from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the digital dentistry market?

Answer: The major drivers for this market are growing prevalence of dental diseases and disorders, rising demand for minimally invasive dental procedures, and increasing adoption of big data and internet and communication technologies in the healthcare industry.

Q4. What are the major segments for digital dentistry market?

Answer: The future of the digital dentistry market looks promising with opportunities in the orthodontic, prosthodontic, and implantology markets.

Q5. Who are the key digital dentistry market companies?

Answer: Some of the key digital dentistry companies are as follows:

Dentsply Sirona

Envista

3M

Ivoclar Vivadent

Planmeca

3Shape

Align Technologies

J Morita

3D Systems

Straumann
