

Digital Security Control Market Report: Trends, Forecast and Competitive Analysis to 2030

<https://marketpublishers.com/r/DE6ECA7F516AEN.html>

Date: September 2023

Pages: 150

Price: US\$ 4,850.00 (Single User License)

ID: DE6ECA7F516AEN

Abstracts

It will take 2-3 business days to deliver the report upon receipt the order if any customization is not there.

Digital Security Control Trends and Forecast

The future of the global digital security control market looks promising with opportunities in the BFSI, telecommunication, automotive, aerospace & defense, industrial, healthcare, retail & e-commerce, and government & public sector markets. The global digital security control market is expected to reach an estimated \$29.6 billion by 2030 with a CAGR of 11.5% from 2024 to 2030. The major drivers for this market are growing digitization among enterprises, increasing need for electronic security management solutions, and rising cases of cyber-attacks.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Digital Security Control by Segment

The study includes a forecast for the global digital security control by type, deployment, organisation size, end use industry, and region.

Digital Security Control Market by Type [Shipment Analysis by Value from 2018 to 2030]:

Hardware

Software

Service

Digital Security Control Market by Deployment [Shipment Analysis by Value from 2018 to 2030]:

Cloud

On-Premise

Digital Security Control Market by Organisation Size [Shipment Analysis by Value from 2018 to 2030]:

Micro/Small & Medium-Sized Enterprises

Large Enterprises

Digital Security Control Market by End Use Industry [Shipment Analysis by Value from 2018 to 2030]:

BFSI

Telecommunications

Automotive

Aerospace & Defense

Industrial

Healthcare

Retail & E-Commerce

Government and Public Sector

Others

Digital Security Control Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Digital Security Control Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies digital security control companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the digital security control companies profiled in this report include-

Safenet

BioCatch

NEC

Gemalto NV

Aware

Equifax

Truststamp

Fireeye

RSA Security

Oberthur Technologies

Digital Security Control Market Insights

Lucintel forecasts that hardware is expected to witness highest growth over the forecast period due to increasing demand for biometric technologies and smart cards for improved security solutions.

Industrial will remain the largest segment due to increasing need for digital security control in this setting to validate users to protect against advanced cyberattacks.

North America will remain the largest region due to growing demand for digital security control among various end use sectors, such as commercial, industrial, transportation, and mobile security industry of the region.

Features of the Global Digital Security Control Market

Market Size Estimates: Digital security control market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Digital security control market size by various segments, such as by type, deployment, organisation size, end use industry and region in terms of (\$B).

Regional Analysis: Digital security control market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different types, deployments, organisation sizes, end use industries, and regions for the digital security control market.

Strategic Analysis: This includes M&A, new product development, and competitive

landscape of the digital security control market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q.1 What is the digital security control market size?

Answer: The global digital security control market is expected to reach an estimated \$29.6 billion by 2030.

Q.2 What is the growth forecast for digital security control market?

Answer: The global digital security control market is expected to grow with a CAGR of 11.5% from 2024 to 2030.

Q.3 What are the major drivers influencing the growth of the digital security control market?

Answer: The major drivers for this market are growing digitization among enterprises, increasing need for electronic security management solutions, and rising cases of cyber-attacks.

Q4. What are the major segments for digital security control market?

Answer: The future of the digital security control market looks promising with opportunities in the BFSI, telecommunication, automotive, aerospace & defense, industrial, healthcare, retail & e-commerce, and government & public sector markets.

Q5. Who are the key digital security control market companies?

Answer: Some of the key digital security control companies are as follows:

Safenet

BioCatch

NEC

Gemalto NV

Aware

Equifax

Truststamp

Fireeye

RSA Security

Oberthur Technologies

Q6. Which digital security control market segment will be the largest in future?

Answer: Lucintel forecasts that hardware is expected to witness highest growth over the forecast period due to increasing demand for biometric technologies and smart cards for improved security solutions.

Q7. In digital security control market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region due to growing demand for digital security control among various end use sectors, such as commercial, industrial, transportation, and mobile security industry of the region.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the digital security control market by type (hardware, software, and service), deployment (cloud and on-premise), organisation size (micro/small & medium-sized enterprises and large enterprises) , end use industry (BFSI, telecommunications, automotive, aerospace & defense, industrial, healthcare, retail & e-commerce, government & public sector, and

others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Digital Security Control Market, Digital Security Control Market Size, Digital Security Control Market Growth, Digital Security Control Market Analysis, Digital Security Control Market Report, Digital Security Control Market Share, Digital Security Control Market Trends, Digital Security Control Market Forecast, Digital Security Control Companies, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL DIGITAL SECURITY CONTROL MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Digital Security Control Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Digital Security Control Market by Type

3.3.1: Hardware

3.3.2: Software

3.3.3: Service

3.4: Global Digital Security Control Market by Deployment

3.4.1: Cloud

3.4.2: On-Premise

3.5: Global Digital Security Control Market by Organisation Size

3.5.1: Micro/Small & Medium-Sized Enterprises

3.5.2: Large Enterprises

3.6: Global Digital Security Control Market by End Use Industry

3.6.1: BFSI

3.6.2: Telecommunications

3.6.3: Automotive

3.6.4: Aerospace & Defense

3.6.5: Industrial

3.6.6: Healthcare

3.6.7: Retail & E-Commerce

3.6.8: Government and Public Sector

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global Digital Security Control Market by Region

4.2: North American Digital Security Control Market

4.2.2: North American Digital Security Control Market by End Use Industry: BFSI, Telecommunications, Automotive, Aerospace & Defense, Industrial, Healthcare, Retail & E-Commerce, Government & Public Sector, and Others

4.3: European Digital Security Control Market

4.3.1: European Digital Security Control Market by Type: Hardware, Software, and Service

4.3.2: European Digital Security Control Market by End Use Industry: BFSI, Telecommunications, Automotive, Aerospace & Defense, Industrial, Healthcare, Retail & E-Commerce, Government & Public Sector, and Others

4.4: APAC Digital Security Control Market

4.4.1: APAC Digital Security Control Market by Type: Hardware, Software, and Service

4.4.2: APAC Digital Security Control Market by End Use Industry: BFSI, Telecommunications, Automotive, Aerospace & Defense, Industrial, Healthcare, Retail & E-Commerce, Government & Public Sector, and Others

4.5: ROW Digital Security Control Market

4.5.1: ROW Digital Security Control Market by Type: Hardware, Software, and Service

4.5.2: ROW Digital Security Control Market by End Use Industry: BFSI, Telecommunications, Automotive, Aerospace & Defense, Industrial, Healthcare, Retail & E-Commerce, Government & Public Sector, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Digital Security Control Market by Type

6.1.2: Growth Opportunities for the Global Digital Security Control Market by Deployment

6.1.3: Growth Opportunities for the Global Digital Security Control Market by Organisation Size

6.1.4: Growth Opportunities for the Global Digital Security Control Market by End Use Industry

6.1.5: Growth Opportunities for the Global Digital Security Control Market by Region

6.2: Emerging Trends in the Global Digital Security Control Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Digital Security Control Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Digital Security Control Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Safenet

7.2: BioCatch

7.3: NEC

7.4: Gemalto NV

7.5: Aware

7.6: Equifax

7.7: Truststamp

7.8: Fireeye

7.9: RSA Security

7.10: Oberthur Technologies
