The future of the distributed antenna system market looks promising with opportunities in the public venue and safety, manufacturing, healthcare, government, transportation, sports and entertainment, and telecommunication industries. The global distributed antenna system market is expected to grow with a CAGR of 9% to 11% from 2021 to 2026. The major drivers for this market are increasing mobile data traffic, rising consumer demand for uninterrupted connectivity, extended network coverage, and increasing need for spectrum efficiency

A more than 150 page report is developed to help in your business decisions. Sample figures with some insights are shown below. To learn the scope of, benefits, companies researched and other details of distributed antenna system market report download the report brochure.

The study includes trends and forecast for the global distributed antenna system market by type, ownership, end use industry, and region as follows:

By Type [\$M shipment analysis for 2015 – 2026]:

Active

Digital

Hybrid

By Ownership [\$M shipment analysis for 2015 – 2026]:

Carrier Ownership

Neutral-Host Ownership

Enterprise Ownership

By End Use Industry [\$M shipment analysis for 2015 – 2026]:

Public Venue and Safety

Manufacturing

Healthcare

Governments

Transportation

Sports and Entertainment

Telecommunications

Others

By Region [\$M shipment analysis for 2015 – 2026]:

North America

United States

Canada

Mexico

Europe

Germany

United Kingdom

France

Italy

Asia Pacific

China

Japan

India

South Korea

The Rest of the World

Hybrid segment is expected to witness the highest growth over the forecast period, as it is cost-effective, easily expandable, and provides increased efficiency and broader coverage.

Public venue and safety will remain the largest application segment during the forecast period due to high adoption of DAS solution in areas, such as entertainment venues, sports stadiums, and shopping malls.

Asia Pacific is expected to witness the highest growth over the forecast period due to increasing sales of handheld devices and smartphones in China and India coupled with rising infrastructural growth.

Some of the distributed antenna system companies profiled in this report include CommScope Inc., Corning Incorporated, Cobham Wireless, Comba Telecom Systems Holdings Ltd., American Tower Corporation, AT&T Inc., Boingo Wireless, Inc., Dali Wireless, Zinwave, and Bird Technologies.

Features of Distributed antenna system Market

Market Size Estimates: Distributed antenna system market size estimation in terms of value (\$M)

Trend and Forecast Analysis: Market trends (2015-2020) and forecast (2021-2026) by various segments and regions.

Segmentation Analysis: Market size by product type, ownership, and end use industries

Regional Analysis: Distributed antenna system market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different end use industries, type, ownership, and regions for distributed antenna system

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the distributed antenna system market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

This report answers following 11 key questions

Q.1 What are some of the most promising potential, high-growth opportunities for the global distributed antenna system market by type (active, digital, and hybrid), ownership (Carrier Ownership, Neutral-Host Ownership, Enterprise Ownership), end use industries (Public Venue and Safety, Manufacturing, Healthcare, Government, Transportation, Sports and Entertainment, Telecommunications, and Other), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2 Which segments will grow at a faster pace and why?

Q.3 Which regions will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges of the distributed antenna system market?

Q.5 What are the business risks and threats to the distributed antenna system market?

Q.6 What are the emerging trends in the distributed antenna system market and the reasons behind them?

Q.7 What are some changing demands of customers in the distributed antenna system market?

Q.8 What are the new developments in the distributed antenna system market? Which companies are leading these developments?

Q.9 Who are the major players in the distributed antenna system market? What strategic initiatives are being implemented by key players for business growth?

Q.10 What are some of the competitive products and processes in the distributed antenna system market, and how big of a threat do they pose for loss of market share via material or product substitution?

Q.11 What M&A activities did take place in the last five years in the distributed antenna system market?

Market by Product Type
Market by End Use Industry
Chinese Distributed Antenna System Market
Japanese Distributed Antenna System Market
Indian Distributed Antenna System Market
South Korean Distributed Antenna System Market
ROW Distributed Antenna System Market
Market by Product Type
Market by End Use Industry

5. COMPETITOR ANALYSIS

Product Portfolio Analysis
Geographical Reach
Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

Growth Opportunity Analysis
Growth Opportunities for the Global Distributed Antenna System Market by
Growth Opportunities for the Global Distributed Antenna System Market by End Use
Industry
Growth Opportunities for the Global Distributed Antenna System Market by Region
Emerging Trends in the Global Distributed Antenna System Market
Strategic Analysis
New Product Development
Capacity Expansion of the Global Distributed Antenna System Market
Technology Development
Mergers and Acquisitions in the Global Distributed antenna system Industry

7. COMPANY PROFILES OF LEADING PLAYERS

CommScope Inc
Corning Incorporated
Cobham Wireless
Comba Telecom Systems Holdings Ltd.
