The global dual clutch transmission market is expected to reach an estimated \$37.22 billion by 2030 with a CAGR of 7.2% from 2024 to 2030. The major drivers for this market are increasing stringent regulatory policies regarding emission control and advancements in technology regarding DCT.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Dual Clutch Transmission by Segment

The study includes a forecast for the global dual clutch transmission by product, vehicle channel, and region.

Dual Clutch Transmission Market by Product [Shipment Analysis by Value from 2018 to 2030]:

Dry

Wet

Dual Clutch Transmission Market by Vehicle Channel [Shipment Analysis by Value from 2018 to 2030]:

Passenger

Commercial

Dual Clutch Transmission Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Dual Clutch Transmission Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies dual clutch transmission companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the dual clutch transmission companies profiled in this report include-

BorgWarner

AVL

Punch Powertrain

Magna International

Eaton

Getrag

Ricardo

Dual Clutch Transmission Market Insights

Lucintel forecasts that dry will remain the larger segment over the forecast period due to low cost and light weight.

Within this market, passenger will remain the larger segment due to higher adoption rate in passenger cars and on-going technological advancements in the system.

APAC is expected to witness highest growth over the forecast period due to significantly growing automotive sector and presence of major OEMs in the region.

Features of the Global Dual Clutch Transmission Market

Market Size Estimates: Dual clutch transmission market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Dual clutch transmission market size by product, vehicle channel, and region in terms of value (\$B).

Regional Analysis: Dual clutch transmission market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different products, vehicle channels, and regions for the dual clutch transmission market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the dual clutch transmission market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the dual clutch transmission market size?

Answer: The global dual clutch transmission market is expected to reach an estimated \$37.22 billion by 2030.

Q2. What is the growth forecast for dual clutch transmission market?

Answer: The global dual clutch transmission market is expected to grow with a CAGR of 7.2% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the dual clutch transmission market?

Answer: The major drivers for this market are increasing stringent regulatory policies regarding emission control and advancements in technology regarding DCT.

Q4. What are the major segments for dual clutch transmission market?

Answer: The future of the dual clutch transmission market looks promising with opportunities in the passenger and commercial markets.

Q5. Who are the key dual clutch transmission market companies?

Answer: Some of the key dual clutch transmission companies are as follows:

BorgWarner

AVL

Punch Powertrain

Magna International

Eaton

Getrag

Ricardo

Q6. Which dual clutch transmission market segment will be the largest in future?

Answer: Lucintel forecasts that dry will remain the larger segment over the forecast period due to low cost and light weight.

Q7. In dual clutch transmission market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness highest growth over the forecast period due to significantly growing automotive sector and presence of major OEMs in the region.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the dual clutch transmission market by product (dry and wet), vehicle channel (passenger and commercial), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading

these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
