A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

### Education Building by Segment

The study includes a forecast for the global education building by construction activity, application, end use, and region.

Education Building Market by Construction Activity [Shipment Analysis by Value from 2018 to 2030]:

New Construction

Repair and Maintenance

Refurbishment

Demolition

Education Building Market by Application [Shipment Analysis by Value from 2018 to 2030]:

School

Institutions

Education Building Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Private

Public

Education Building Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Education Building Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies education building companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the education building companies profiled in this report include-

IA Interior Architects

CallisonRTKL

Leo A Daly

Skidmore

Owings & Merrill

HKS

Gensler

## Education Building Market Insights

Lucintel forecasts that new construction is expected to witness the highest growth over the forecast period.

Within this market, public will remain larger segment.

North America will remain the largest region over the forecast period.

## Features of the Global Education Building Market

Market Size Estimates: Education building market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Education building market size by construction activity, application, end use, and region in terms of value (\$B).

Regional Analysis: Education building market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different construction activities, applications, end uses, and regions for the education building market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the education building market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

## FAQ

Q1. What is the growth forecast for education building market?

Answer: The global education building market is expected to grow with a CAGR of 2.9% from 2024 to 2030.

Q2. What are the major drivers influencing the growth of the education building market?

Answer: The major drivers for this market are incorporation of robotics in the construction industry is gaining traction and rising number of schools.

Q3. What are the major segments for education building market?

Answer: The future of the education building market looks promising with opportunities in the private and public markets.

Q4. Who are the key education building market companies?

Answer: Some of the key education building companies are as follows:

IA Interior Architects

CallisonRTKL

Leo A Daly

Skidmore

Owings & Merrill

HKS

Gensler

Q5. Which education building market segment will be the largest in future?

Answer: Lucintel forecasts that new construction is expected to witness the highest growth over the forecast period.

Q6. In education building market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period.

Q7. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the education building market by construction activity (new construction, repair and maintenance, refurbishment, and demolition), application (school and institutions), end use (private and public), and region (North America, Europe, Asia Pacific, and the Rest of the World)?
