2 – 3 business days after placing order

Electronic Cartography Trends and Forecast

The future of the global electronic cartography market looks promising with opportunities in the automotive, transportation and logistic, and government markets. The global electronic cartography market is expected to reach an estimated \$39 billion by 2030 with a CAGR of 8.4% from 2024 to 2030. The major drivers for this market are growing adoption of GPS-enabled devices and location-based services (LBS), increasing need for route optimization and real-time navigation systems, and rising acceptance of connected and autonomous vehicles.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Electronic Cartography by Segment

The study includes a forecast for the global electronic cartography by technology, application, end use, and region.

Electronic Cartography Market by Technology [Shipment Analysis by Value from 2018 to 2030]:

GIS(Geographic Information System)

GPS(Global Positioning System)

Remote Sensing

Electronic Cartography Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Navigation and Route Planning

Urban Planning

Defense & Military

Others

Electronic Cartography Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Automotive

Transportation and Logistics

Government

Others

Electronic Cartography Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Electronic Cartography Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies electronic cartography companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the electronic cartography companies profiled in this report include-

Garmin

Raytheon

Honeywell International

Navico

Jeppesen

Furuno Electric

Thales Group

Praxis Automation Technology

Northrop Grumman

Transas

Electronic Cartography Market Insights

Lucintel forecasts that navigation and route planning is expected to witness the highest growth over the forecast period.

Within this market, automotive is expected to witness the highest growth over the forecast period.

North America is expected to witness the highest growth over the forecast period.

Features of the Global Electronic Cartography Market

Market Size Estimates: Electronic cartography market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Electronic cartography market size by technology, application, end use, and region in terms of value (\$B).

Regional Analysis: Electronic cartography market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different technologies, applications, end uses, and regions for the electronic cartography market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the electronic cartography market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the electronic cartography market size?

Answer: The global electronic cartography market is expected to reach an estimated \$39 billion by 2030.

Q2. What is the growth forecast for electronic cartography market?

Answer: The global electronic cartography market is expected to grow with a CAGR of 8.4% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the electronic cartography market?

Answer: The major drivers for this market are growing adoption of GPS-enabled devices and location-based services (LBS), increasing need for route optimization and real-time navigation systems, and rising acceptance of connected and autonomous vehicles.

Q4. What are the major segments for electronic cartography market?

Answer: The future of the electronic cartography market looks promising with opportunities in the automotive, transportation and logistic, and government markets.

Q5. Who are the key electronic cartography market companies?

Answer: Some of the key electronic cartography companies are as follows:

Garmin

Raytheon

Honeywell International

Navico

Jeppesen

Furuno Electric

Thales Group

Praxis Automation Technology

Northrop Grumman

Transas

Q6. Which electronic cartography market segment will be the largest in future?

Answer: Lucintel forecasts that navigation and route planning is expected to witness the highest growth over the forecast period.

Q7. In electronic cartography market, which region is expected to be the largest in next 5 years?

Answer: North America is expected to witness the highest growth over the forecast period.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the electronic cartography market by technology (GIS(geographic information system), GPS(global positioning system), and remote sensing), application (navigation and route planning, urban planning, defense & military, and others), end use (automotive, transportation and logistics, government, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat

do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Electronic Cartography Market, Electronic Cartography Market Size, Electronic Cartography Market Growth, Electronic Cartography Market Analysis, Electronic Cartography Market Report, Electronic Cartography Market Share, Electronic Cartography Market Trends, Electronic Cartography Market Forecast, Electronic Cartography Companies, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL ELECTRONIC CARTOGRAPHY MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Electronic Cartography Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Electronic Cartography Market by Technology

3.3.1: GIS (Geographic Information System)

3.3.2: GPS (Global Positioning System)

3.3.3: Remote Sensing

3.4: Global Electronic Cartography Market by Application

3.4.1: Navigation and Route Planning

3.4.2: Urban Planning

3.4.3: Defense & Military

3.4.4: Others

3.5: Global Electronic Cartography Market by End Use

3.5.1: Automotive

3.5.2: Transportation and Logistics

3.5.3: Government

3.5.4: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global Electronic Cartography Market by Region

4.2: North American Electronic Cartography Market

4.2.1: North American Electronic Cartography Market by Application: Navigation and Route Planning, Urban Planning, Defense & Military, and Others

4.2.2: North American Electronic Cartography Market by End Use: Automotive, Transportation and Logistics, Government, and Others

4.3: European Electronic Cartography Market

4.3.1: European Electronic Cartography Market by Application: Navigation and Route Planning, Urban Planning, Defense & Military, and Others

4.3.2: European Electronic Cartography Market by End Use: Automotive, Transportation and Logistics, Government, and Others

4.4: APAC Electronic Cartography Market

4.4.1: APAC Electronic Cartography Market by Application: Navigation and Route Planning, Urban Planning, Defense & Military, and Others

4.4.2: APAC Electronic Cartography Market by End Use: Automotive, Transportation and Logistics, Government, and Others

4.5: ROW Electronic Cartography Market

4.5.1: ROW Electronic Cartography Market by Application: Navigation and Route Planning, Urban Planning, Defense & Military, and Others

4.5.2: ROW Electronic Cartography Market by End Use: Automotive, Transportation and Logistics, Government, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Electronic Cartography Market by Technology

6.1.2: Growth Opportunities for the Global Electronic Cartography Market by Application

6.1.3: Growth Opportunities for the Global Electronic Cartography Market by End Use

6.1.4: Growth Opportunities for the Global Electronic Cartography Market by Region

6.2: Emerging Trends in the Global Electronic Cartography Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Electronic Cartography Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Electronic Cartography Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

- 7.1: Garmin
- 7.2: Raytheon
- 7.3: Honeywell International
- 7.4: Navico
- 7.5: Jeppesen
- 7.6: Furuno Electric
- 7.7: Thales Group
- 7.8: Praxis Automation Technology
- 7.9: Northrop Grumman
- 7.10: Transas
