Abstracts

The future of the European hydration bottle market looks promising with opportunities in the various outdoor activities such as camping, hiking, fitness, and travel. The European hydration bottle market is expected to reach an estimated \$1.6 billion by 2023 with a CAGR of 6.0% from 2018 to 2023. The major drivers for this market are increasing popularity of outdoor activities, and promotional strategies by manufactures such as targeted marketing, product design, and giving more space on shelf by major retail brands.

Emerging trends which have a direct impact on the dynamics of the European hydration bottle market include use of hydration bottle with smart lid and integrated hydration calculator to measure liquid intake, increasing demand for BPA-free water bottle which is 100% eco-friendly and recyclable, and refill-reuse bottle campaigns to reduce plastic wastage.

A total of 45 figures/charts and 32 tables are provided in this 105 -page report to help in your business decisions. Sample figures with some insights are shown below. What are some of the most promising, high-growth opportunities for the European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market , Sports water bottle market) by material (plastic, stainless steel, glass, and others), product type (regular and insulated), sales channel (offline and online), application (everyday, sports and outdoor activities, and others), and price range (low end range/good, mid end range/better, and high end range/best) ?

Q.2. Which product segment will grow at a faster pace and why?

Q.3. Which regions will grow at a faster pace and why?

Q.4. What are the key factors affecting European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market , Sports water bottle market) dynamics? What are the drivers, challenges, and business risks in this market?

Q.5. What are the business risks and competitive threats in this European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market , Sports water bottle market)?

Q.6. What are the emerging trends in this European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market , Sports water bottle market) and the reasons behind them?

Q.7. What are some of the changing demands of customers in the European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market , Sports water bottle

market)?

Q.8. What are the new developments in the European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market, Sports water bottle market) and which companies are leading these developments?

Q.9. Who are the major players in this European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market , Sports water bottle market)? What strategic initiatives are being taken by key companies for business growth?

Q.10. What are some of the competing products in this European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market, Sports water bottle market) and how big of a threat do they pose for loss of market share by product substitution?

Q.11. What M&A activity has occurred in the last 5 years in this European hydration bottle market (European Hydration bottle market, stainless steel bottle market, plastic bottle market, water bottle market, Insulated drink bottle market, Glass water bottle Market, Plastic water bottle market, steel water bottle market , Sports water bottle market)?
