Abstracts

2 – 3 business days after placing order

External Wall Insulation Board Trends and Forecast

The future of the global external wall insulation board market looks promising with opportunities in the residential, commercial, institutional, and industrial markets. The global external wall insulation board market is expected to reach an estimated \$14.7 billion by 2030 with a CAGR of 8.1% from 2024 to 2030. The major drivers for this market are rising focus on energy efficiency in buildings, increasing stringent government regulations regarding carbon emissions, and growing shift towards green buildings.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

External Wall Insulation Board by Segment

The study includes a forecast for the global external wall insulation board by material type, position, application, end use, and region.

External Wall Insulation Board Market by Material Type [Shipment Analysis by Value from 2018 to 2030]:

Mineral Wool

Expanded Polystyrene

Extruded Polystyrene

Polyurethane Foam

Phenolic Foam

Others

External Wall Insulation Board Market by Position [Shipment Analysis by Value from 2018 to 2030]:

External Thermal Insulation Composite Systems

Internal Thermal Insulation Composite Systems

External Wall Insulation Board Market by Application [Shipment Analysis by Value from 2018 to 2030]:

New Construction

Retrofit

Others

External Wall Insulation Board Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Residential

Commercial

Institutional

Industrial

Others

External Wall Insulation Board Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of External Wall Insulation Board Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies external wall insulation board companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the external wall insulation board companies profiled in this report include-

Saint-Gobain

Kingspan

Rockwool

BASF

Johns Manville

Knauf Insulation

Paroc

External Wall Insulation Board Market Insights

Lucintel forecasts that mineral wool is expected to witness the highest growth over the forecast period.

Within this market, residential is expected to witness the highest growth over the forecast period.

North America is expected to witness the highest growth over the forecast period.

Features of the Global External Wall Insulation Board Market

Market Size Estimates: External wall insulation board market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: External wall insulation board market size by various segments, such as by material type, position, application, end use, and region in terms of value (\$B).

Regional Analysis: External wall insulation board market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different material types, positions, applications, end uses, and regions for the external wall insulation board market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the external wall insulation board market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the external wall insulation board market size?

Answer: The global external wall insulation board market is expected to reach an

estimated \$14.7 billion by 2030.

Q2. What is the growth forecast for external wall insulation board market?

Answer: The global external wall insulation board market is expected to grow with a CAGR of 8.1% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the external wall insulation board market?

Answer: The major drivers for this market are rising focus on energy efficiency in buildings, increasing stringent government regulations regarding carbon emissions, and growing shift towards green buildings.

Q4. What are the major segments for external wall insulation board market?

Answer: The future of the external wall insulation board market looks promising with opportunities in the residential, commercial, institutional, and industrial markets.

Q5. Who are the key external wall insulation board market companies?

Answer: Some of the key external wall insulation board companies are as follows:

Saint-Gobain

Kingspan

Rockwool

BASF

Johns Manville

Knauf Insulation

Paroc

Q6. Which external wall insulation board market segment will be the largest in future?

Answer: Lucintel forecasts that mineral wool is expected to witness the highest growth over the forecast period.

Q7. In external wall insulation board market, which region is expected to be the largest in next 5 years?

Answer: North America is expected to witness the highest growth over the forecast period.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the external wall insulation board market by material type (mineral wool, expanded polystyrene, extruded polystyrene, polyurethane foam, phenolic foam, and others), position (external thermal insulation composite systems and internal thermal insulation composite systems), application (new construction, retrofit, and others), end use (residential, commercial, institutional, industrial, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to External Wall Insulation Board Market, External Wall Insulation Board Market Size, External Wall Insulation Board Market Growth, External Wall Insulation Board Market Analysis, External Wall Insulation Board Market Report, External Wall Insulation Board Market Share, External Wall Insulation Board Market Trends, External Wall Insulation Board Market Forecast, External Wall Insulation Board Companies, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL EXTERNAL WALL INSULATION BOARD MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global External Wall Insulation Board Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global External Wall Insulation Board Market by Material Type

3.3.1: Mineral Wool

3.3.2: Expanded Polystyrene

3.3.3: Extruded Polystyrene

3.3.4: Polyurethane Foam

3.3.5: Phenolic Foam

3.3.6: Others

3.4: Global External Wall Insulation Board Market by Position

3.4.1: External Thermal Insulation Composite Systems

3.4.2: Internal Thermal Insulation Composite Systems

3.5: Global External Wall Insulation Board Market by Application

3.5.1: New Construction

3.5.2: Retrofit

3.5.3: Others

3.6: Global External Wall Insulation Board Market by End Use

3.6.1: Residential

3.6.2: Commercial

3.6.3: Institutional

3.6.4: Industrial

3.6.5: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global External Wall Insulation Board Market by Region

4.2: North American External Wall Insulation Board Market

4.2.1: North American External Wall Insulation Board Market by Application: New Construction, Retrofit, and Others

4.2.2: North American External Wall Insulation Board Market by End Use: Residential, Commercial, Institutional, Industrial, and Others

4.3: European External Wall Insulation Board Market

4.3.1: European External Wall Insulation Board Market by Application: New Construction, Retrofit, and Others

4.3.2: European External Wall Insulation Board Market by End Use: Residential, Commercial, Institutional, Industrial, and Others

4.4: APAC External Wall Insulation Board Market

4.4.1: APAC External Wall Insulation Board Market by Application: New Construction, Retrofit, and Others

4.4.2: APAC External Wall Insulation Board Market by End Use: Residential, Commercial, Institutional, Industrial, and Others

4.5: ROW External Wall Insulation Board Market

4.5.1: ROW External Wall Insulation Board Market by Application: New Construction, Retrofit, and Others

4.5.2: ROW External Wall Insulation Board Market by End Use: Residential, Commercial, Institutional, Industrial, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global External Wall Insulation Board Market by Material Type

6.1.2: Growth Opportunities for the Global External Wall Insulation Board Market by Position

6.1.3: Growth Opportunities for the Global External Wall Insulation Board Market by Application

6.1.4: Growth Opportunities for the Global External Wall Insulation Board Market by

End Use

6.1.5: Growth Opportunities for the Global External Wall Insulation Board Market by Region

6.2: Emerging Trends in the Global External Wall Insulation Board Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global External Wall Insulation Board Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global External Wall Insulation Board Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Saint-Gobain

7.2: Kingspan

7.3: Rockwool

7.4: BASF

7.5: Johns Manville

7.6: Knauf Insulation

7.7: Paroc
