Some of the fenugreek seed extract companies profiled in this report include Alfrebro, Arjuna Natural Extracts, Naturalin Bio-Resources Co., Ltd, Shank's extracts, Bio-Botanica, Nutra Green Biotechnology, and Ambe Phytoextracts.

In this market, powder, oil, and others are the major product types. Lucintel forecasts that powder will remain the largest segment over the forecast period because it is due to shifting consumer focus towards ayurveda cosmetics and products, and increasing concern regarding use of synthetic chemicals and inclination of consumers towards natural and plant based products.

Within this market, the food, pharmaceutical, cosmetics, and others are the major application of fenugreek seed extract. Food will remain the largest segment by application type over the forecast period due to presence of key properties such as taste, pleasant flavors well as health benefits that are boosting the demand for fenugreek seed extract for food applications.

Asia-Pacific is expected to witness the highest growth over the forecast period due to rapid urbanization, increasing number of aging population, higher disposable incomes, and high government expenditure on healthcare.
