Flat Glass Industry by Segments

Lucintel forecasts that automotive glass segment will remain the largest segment, and it is also expected to witness the highest growth over the forecast period. The study includes trends and forecast for the global flat glass industry by application and region, as follows:

Flat Glass Industry by Application (\$ Billion Shipment Analysis from 2016 to 2027):

Building Construction Glass

Automotive Glass

Specialty Glass

Flat Glass Industry by Region(\$ Billion Shipment Analysis from 2016 to 2027):

North America

Europe

Asia Pacific

The Rest of the World

List of Flat Glass Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies flat glass companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the flat glass companies profiled in this report includes.

Asahi Glass Co. Ltd

Saint-Gobain SA

Corning Incorporated

Nippon Sheet Glass

Fuyao Group Glass Industries Co. Ltd.

Flat Glass Industry Insights

Lucintel forecasts that automotive glass will remain the largest segment and it is also expected to witness the highest growth over the forecast period due to growing demand of energy efficiency, which has encouraged OEMs to switch to insulated glazing from single glazing units.

Asia Pacific is expected to remain the largest market due to increase in urbanization, growth in real estate sector and increasing investment by flat glass manufacturers within the Asia Pacific region, whereas the Rest of the World are expected to witness significant growth over the forecast period because of increasing per capita income and strong housing demand.

FAQ

Q1. What is the flat glass market size?

Answer: The global flat glass market is expected to reach an estimated \$109.3 billion by 2027.

Q2. What is the growth forecast for flat glass industry?

Answer: The flat glass market is expected to grow at a CAGR of 6.2% from 2021 to 2027.

Q3. What are the major drivers influencing the growth of the flat glass market?

Answer: The major drivers for this market are growth in the construction market, rising automotive production and sales, rising per capita income, and technological advancements.

Q4. What are the major applications or end use industries for flat glass?

Answer: Automotive is the major segment by applications for flat glass.

Q5. What are the emerging trends in flat glass industry?

Answer: Emerging trends, which have a direct impact on the dynamics of the industry, include increasing usage of advanced nanotechnology in flat glass, solar control glazing for automotive and building glasses, lightweight glazing glass, and increasing the use of hybrid guide plate.

Q6. Who are the key flat glass companies?

Answer: Some of the key flat glass companies are as follows:

Asahi Glass Co. Ltd

Saint-Gobain SA

Corning Incorporated

Nippon Sheet Glass

Fuyao Group Glass Industries Co. Ltd.

Q7. Which flat glass segment will be the largest in future?

Answer: Lucintel forecasts that automotive glass will remain the largest segment and it is also expected to witness the highest growth over the forecast period due to growing demand of energy efficiency, which has encouraged OEMs to switch to insulated glazing from single glazing units.

Q8: In flat glass industry, which region is expected to be the largest in next 5 years?

Answer: Asia Pacific is expected to remain the largest market due to increase in urbanization, growth in real estate sector and increasing investment by flat glass manufacturers within the Asia Pacific region, whereas the Rest of the World are expected to witness significant growth over the forecast period because of increasing per capita income and strong housing demand.

Q9. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1 What are some of the most promising growth opportunities for the global flat glass industry by application (Building Construction Glass, Automotive Glass, Specialty Glass) and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2 Which segments will grow at a faster pace and why?

Q.3 Which region will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges, and business risks in this market?
