### Floating Production Storage and Offloading Trends and Forecast

The future of the global floating production storage and offloading market looks promising with opportunities in the shallow water, deepwater, and ultra-deepwater markets. The global floating production storage and offloading market is expected to reach an estimated \$25.3 billion by 2030 with a CAGR of 5.6% from 2024 to 2030. The major drivers for this market are greater emphasis on offshore production and exploration and growth in the production of deep- and ultra-deepwater oil and gas.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

### Floating Production Storage and Offloading by Segment

The study includes a forecast for the global floating production storage and offloading by type, propulsion, hull type, usage, and region.

Floating Production Storage and Offloading Market by Type [Shipment Analysis by Value from 2018 to 2030]:

Converted

New-Build

Floating Production Storage and Offloading Market by Propulsion [Shipment Analysis by Value from 2018 to 2030]:

Self-Propelled

Towed

Floating Production Storage and Offloading Market by Hull Type [Shipment Analysis by Value from 2018 to 2030]:

Single Hull

Double Hull

Floating Production Storage and Offloading Market by Usage [Shipment Analysis by Value from 2018 to 2030]:

Shallow Water

Deepwater

Ultra-Deepwater

Floating Production Storage and Offloading Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

## List of Floating Production Storage and Offloading Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies floating production storage and offloading companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the floating production storage and offloading companies profiled in this report include-

Bumi Armada

Shell

BP

ExxonMobil

Petrobras

Chevron

MODEC

Teekay

SBM Offshore

BW Offshore

## Floating Production Storage and Offloading Market Insights

Lucintel forecasts that double hull is expected to witness the higher growth over the forecast period.

Within this market, shallow water is expected to witness the highest growth over the forecast period.

North America is expected to witness highest growth over the forecast period.

Features of the Global Floating Production Storage and Offloading Market

Market Size Estimates: Floating production storage and offloading market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Floating production storage and offloading market size by various segments, such as by type, propulsion, hull type, usage, and region in terms of value (\$B).

Regional Analysis: Floating production storage and offloading market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different types, propulsions, hull types, usages, and regions for the floating production storage and offloading market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the floating production storage and offloading market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

## FAQ

Q1. What is the floating production storage and offloading market size?

Answer: The global floating production storage and offloading market is expected to reach an estimated \$25.3 billion by 2030.

Q2. What is the growth forecast for floating production storage and offloading market?

Answer: The global floating production storage and offloading market is expected to grow with a CAGR of 5.6% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the floating production storage

and offloading market?

Answer: The major drivers for this market are greater emphasis on offshore production and exploration and growth in the production of deep- and ultra-deepwater oil and gas.

Q4. What are the major segments for floating production storage and offloading market?

Answer: The future of the floating production storage and offloading market looks promising with opportunities in the shallow water, deepwater, and ultra-deepwater markets.

Q5. Who are the key floating production storage and offloading market companies?

Answer: Some of the key floating production storage and offloading companies are as follows:

Bumi Armada

Shell

BP

ExxonMobil

Petrobras

Chevron

MODEC

Teekay

SBM Offshore

BW Offshore

Q6. Which floating production storage and offloading market segment will be the largest in future?

Answer: Lucintel forecasts that double hull is expected to witness the higher growth over the forecast period.

Q7. In floating production storage and offloading market, which region is expected to be the largest in next 5 years?

Answer: North America is expected to witness highest growth over the forecast period.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the floating production storage and offloading market by type (converted and new-build), propulsion (self-propelled and towed), hull type (single hull and double hull), usage (shallow water, deepwater, and ultra-deepwater), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Floating Production Storage And Offloading Market, Floating Production Storage And Offloading Market Size, Floating Production Storage And Offloading Market Growth, Floating Production Storage And Offloading Market Analysis, Floating Production Storage And Offloading Market Report, Floating Production Storage And Offloading Market Share, Floating Production Storage And Offloading Market Trends, Floating Production Storage And Offloading Market Forecast, Floating Production Storage And Offloading Companies, write Lucintel analyst at email: [helpdesk@lucintel.com](mailto:helpdesk@lucintel.com). We will be glad to get back to you soon.

## Contents

### **1. EXECUTIVE SUMMARY**

### **2. GLOBAL FLOATING PRODUCTION STORAGE AND OFFLOADING MARKET : MARKET DYNAMICS**

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

### **3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030**

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Floating Production Storage and Offloading Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Floating Production Storage and Offloading Market by Type

3.3.1: Converted

3.3.2: New-Build

3.4: Global Floating Production Storage and Offloading Market by Propulsion

3.4.1: Self-Propelled

3.4.2: Towed

3.5: Global Floating Production Storage and Offloading Market by Hull Type

3.5.1: Single Hull

3.5.2: Double Hull

3.6: Global Floating Production Storage and Offloading Market by Usage

3.6.1: Shallow Water

3.6.2: Deepwater

3.6.3: Ultra-Deepwater

### **4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030**

4.1: Global Floating Production Storage and Offloading Market by Region

4.2: North American Floating Production Storage and Offloading Market

4.2.1: North American Floating Production Storage and Offloading Market by Hull Type: Single Hull and Double Hull

4.2.2: North American Floating Production Storage and Offloading Market by Usage: Shallow Water, Deepwater, and Ultra-Deepwater

#### 4.3: European Floating Production Storage and Offloading Market

4.3.1: European Floating Production Storage and Offloading Market by Hull Type: Single Hull and Double Hull

4.3.2: European Floating Production Storage and Offloading Market by Usage: Shallow Water, Deepwater, and Ultra-Deepwater

#### 4.4: APAC Floating Production Storage and Offloading Market

4.4.1: APAC Floating Production Storage and Offloading Market by Hull Type: Single Hull and Double Hull

4.4.2: APAC Floating Production Storage and Offloading Market by Usage: Shallow Water, Deepwater, and Ultra-Deepwater

#### 4.5: ROW Floating Production Storage and Offloading Market

4.5.1: ROW Floating Production Storage and Offloading Market by Hull Type: Single Hull and Double Hull

4.5.2: ROW Floating Production Storage and Offloading Market by Usage: Shallow Water, Deepwater, and Ultra-Deepwater

### **5. COMPETITOR ANALYSIS**

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

### **6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS**

#### 6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Floating Production Storage and Offloading Market by Type

6.1.2: Growth Opportunities for the Global Floating Production Storage and Offloading Market by Propulsion

6.1.3: Growth Opportunities for the Global Floating Production Storage and Offloading Market by Hull Type

6.1.4: Growth Opportunities for the Global Floating Production Storage and Offloading Market by Usage

6.1.5: Growth Opportunities for the Global Floating Production Storage and Offloading Market by Region

#### 6.2: Emerging Trends in the Global Floating Production Storage and Offloading Market

#### 6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Floating Production Storage and Offloading

Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Floating Production

Storage and Offloading Market

6.3.4: Certification and Licensing

## **7. COMPANY PROFILES OF LEADING PLAYERS**

7.1: Bumi Armada

7.2: Shell

7.3: BP

7.4: ExxonMobil

7.5: Petrobras

7.6: Chevron

7.7: MODEC

7.8: Teekay

7.9: SBM Offshore

7.10: BW Offshore

## I would like to order

Product name: Floating Production Storage and Offloading Market Report: Trends, Forecast and Competitive Analysis to 2030

Product link: <https://marketpublishers.com/r/FD8F8146FE27EN.html>

Price: US\$ 4,850.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
