Abstracts

The global FRP panel market is expected to reach \$496 million by 2018. The major drivers of the global FRP panel market are low processing cost of FRP panel, better corrosion resistance, strength-to-weight ratio, low maintenance and lifecycle cost as compared to competing materials, increased environmental legislation, and increasing awareness for its usage in various applications. Increasing housing demand, and rehabilitation of old urban infrastructures is likely to further boost this market.

Lucintel, a leading global management consulting and market research firm, has analyzed the global FRP panel market by segments and has come up with a comprehensive research report “The Global FRP Panel Market 2013-2018: Trends, Forecast and Opportunity Analysis.” This report provides an analysis of the global FRP panel market including an analysis of market trend, company profiles, regional analysis, and key drivers of industry growth. The study also includes trends and forecasts for the global FRP panel market through 2018, segmented by regions and raw materials such as the following.

FRP panel market by regions:

North America

Europe

Asia and Rest of World

FRP panel market by raw material type:

Fiberglass

Polyester resin

Epoxy resin

Filers and others

On the basis of its comprehensive research, Lucintel forecasts that the global FRP panel industry will grow moderately during 2013-2018. Crane Co., Stabilit America, and Lamilux are among the major suppliers of FRP panel. Regular innovation of products is very important for companies to sustain their successful positions in the market.

This unique report from Lucintel will provide you with valuable information, insights, and tools needed to identify new growth opportunities and operate your business successfully in this market. This report will save hundreds of hours of your own personal research time and will significantly benefit you in expanding your business in this market. In today's stringent economy, you need every advantage that you can find.

Contents

1. EXECUTIVE SUMMARY

2. FRP PANEL INDUSTRY BACKGROUND AND CHARACTERISTICS

2.1: Characteristics of the global FRP panel industry

3. GLOBAL FRP PANEL MARKET ANALYSIS 2012

3.1: Market overview

3.2: Market leaders

3.2.1: Market concentrations

3.2.2: Rankings of the leaders

3.3: Product portfolio analysis

3.4: Regional analysis

4. COMPETITIVE ANALYSIS

4.1: Overview

4.2: FRP Panels market penetration

5. GLOBAL FRP PANEL MARKET TRENDS

5.1: Trend overview

5.2: Raw materials trend

5.3: Regional trends

6. GLOBAL FRP PANEL MARKET FORECASTS

6.1: Growth drivers for global FRP panel market

6.2: Growth deflators for global FRP panel market

6.3: Forecast overview

6.4: Raw materials forecast

6.5: Regional forecast
