Abstracts

It will take 2-3 business days to deliver the report upon receipt the order if any customization is not there.

Global Medical Spa Market Trends and Forecast

The future of the global medical spa market looks promising with opportunities in the single ownership, group ownership, free-standing, and medical practice associated spa markets. The global medical spa market is expected to reach an estimated \$28.8 billion by 2030 with a CAGR of 9.1% from 2024 to 2030. The major drivers for this market are the increasing adoption of dermal fillers among women, rising consumer awareness towards self-care and anti-aging services, and significantly growing wellness tourism sector.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.
