Abstracts

The market for adhesives in the global construction industry is expected to reach an estimated value of \$8.63 billion by 2019. The major drivers of the market are increasing construction and renovation activities. There is a myriad of applications for adhesives in the construction activities, such as carpet layment, ceramic tiles, concrete, flooring underlayment, pre-finished panels, and roofing. Asia-Pacific dominated the market for adhesives in global construction in 2013 and is expected to remain the largest market, due to the growing urbanization and increasing infrastructure spending. The growing demand for prefabricated components during the construction activities will drive this industry.

Lucintel, a leading global management consulting and market research firm, has analyzed the adhesives in the global construction industry by regions and products, and has come up with a comprehensive research report, "Growth Opportunities for Adhesives in the Global Construction Industry 2014-2019: Trends, Forecast, and Market Analysis." This report provides an analysis of the adhesives market in the global construction industry, including the analysis of market trends, company profiles, cost structures, growth opportunities, key drivers, and emerging trends of the market. The study also includes forecasts through 2019, segmented by regions and products as listed below:

Adhesives market in the global construction industry by regions:

North America

Europe

Asia-Pacific

Rest of the World

The market for adhesive products in the construction industry for the regions mentioned above are:

Acrylics Adhesives

Polyvinyl Acetate (PVA) Adhesives

Polyurethane Adhesives

Silicone Adhesives

Epoxy Adhesives

Other Adhesives

This unique report from Lucintel will provide you with valuable information, insights, and tools needed to identify new growth opportunities and operate your business successfully in this market. This report will save hundreds of hours of your own personal research time and will significantly benefit you in expanding your business in this market. In today's stringent economy, you need every advantage that you can find.

Contents

1.EXECUTIVE SUMMARY

2. ADHESIVES IN CONSTRUCTION INDUSTRY BACKGROUND AND CLASSIFICATIONS

2.1: Introduction

2.1.1: Industry classification

2.1.3: Supply chain

3. MARKET TREND AND FORECAST ANALYSIS

3.1: Current market analysis 2012

3.1.1: Adhesives in global construction market by value and volume

3.1.2: Adhesives in regional construction market by value and volume

3.2: Market trend 2008-2013

3.2.1: Macroeconomic trends

3.2.2: Adhesives in global construction market by value and volume

3.2.3: Adhesives in North American construction market trend by value and volume

3.2.4: Adhesives in European construction market trend by value and volume

3.2.5: Adhesives in APAC construction market trend by value and volume

3.2.6: Adhesives in ROW construction market trend by value and volume

3.2.7: Industry drivers and challenges

3.3: Market forecast 2013–2018

3.3.1: Macroeconomic forecasts

3.3.2: Global market forecast by value and volume

3.3.3: North America market forecast by value and volume

3.3.4: Europe market forecast by value and volume

3.3.5: APAC market forecast by value and volume

3.3.5: ROW market forecast by value and volume

4. COMPETITOR ANALYSIS

4.1: Product portfolio analysis

4.2: Market share analysis

4.3: Growth leadership analysis

4.4: Porter's five forces analysis

5. GROWTH OPPORTUNITY & STRATEGIC ANALYSIS

- 5.1: Growth opportunities analysis
- 5.2: Emerging trends in adhesives in construction industry
- 5.3: Strategic analysis
 - 5.3.1: New product development
 - 5.3.2: Expansion strategy
- 5.4: Innovations in adhesives in construction industry
- 5.5: Mergers and acquisitions in adhesives in construction industry

6. COMPANY PROFILES OF LEADING PLAYERS

7. CUSTOMER ANALYSIS

- 7.1: Customer in different segments
- 7.2: Customer's geographic reach
- 7.3: Major customer profiles
