## **Abstracts**

Epoxy resin in global composites industry is expected to reach an estimated \$3.3 billion by 2019. Increasing use of composite materials in industries such as electrical and electronics, wind energy, pipe and tanks is the major driver of epoxy resin in composites industry. Increasing penetration of composite materials in aerospace and automotive industry will further drive the demand of epoxy resins for composites. Asia Pacific is the dominant region in terms of value and volume.

Lucintel, a leading global management consulting and market research firm, with over 1000 clients worldwide has analyzed the epoxy resins market for composites industry by segments and regions and has come up with comprehensive research report "Growth Opportunities for Epoxy Resin in Global Composites Industry 2014-2019: Customer, Competitor, and Market Analysis." This report provides a comprehensive analysis of the epoxy resin used for composite applications including analysis of market trend, competitive landscape, company profiles, mergers and acquisitions, emerging trend, and key drivers of industry growth. The study also includes global forecasts for epoxy resin in composites in terms of value and volume through 2019, segmented by end user applications such as transportation, marine, wind energy, aerospace, pipe and tank, construction, electrical and electronics, consumer goods, and others. The report is further segmented for major geographic regions such as North America, Europe, Asia Pacific, and Rest of the World for each of the end user application.

On the basis of its comprehensive research, Lucintel forecasts that majority of the segments for epoxy resin in composites industry will grow moderately during 2014-2019. Transportation and aerospace segments will depict a double-digit growth owing to increased adoption of epoxy resin in composites. Momentive, Huntsman, Dow

Chemical, Nan Ya Plastics, Kukdo, Aditya Birla Chemicals (Thailand) Ltd., and BASF are among the major suppliers of epoxy resins globally. Increasing R&D efforts by major suppliers towards formulated epoxy resin is widening its scope in niche and cost-sensitive applications. The key players are complementing the industry growth by developing materials and technologies that will enable mass production of composite components. The biggest challenge faced by the industry is increasing price of raw materials such as bisphenol and epichlorohydrin.

This unique report from Lucintel will provide you with valuable information, insights, and tools needed to identify new growth opportunities and operate your business successfully in this market. This report will save hundreds of hours of your own personal research time and will significantly benefit you in expanding your business in this market. In today's stringent economy, you need every advantage that you can find.

## Contents

### **1. EXECUTIVE SUMMARY**

### **2. EPOXY RESIN MARKET BACKGROUND AND CLASSIFICATIONS**

#### 2.1: Introduction

#### 2.2: Industry classification

##### 2.2.1: Epoxy resin by product types

##### 2.2.2: Markets served

#### 2.3: Supply chain

#### 2.4: Porter's Five Forces Analysis

### **3. MARKET ANALYSIS**

#### 3.1: Current market analysis 2013

##### 3.1.1: Epoxy resins in global composites industry by value and by volume

#### 3.2: Market trend 2008-2013

##### 3.2.1: Macroeconomic trend

##### 3.2.2: Epoxy resin in global composites industry trend by value and by volume

##### 3.2.3: Epoxy resin in North American composites industry trend by value and by volume

##### 3.2.4: Epoxy resin in European composites industry trend by value and by volume

##### 3.2.5: Epoxy resin in APAC composites industry trend by value and by volume

##### 3.2.6: Epoxy resin in ROW composites industry trend by value and by volume

#### 3.3: Industry drivers and challenges

#### 3.4: Market forecast 2013–2018

##### 3.4.1: Macroeconomic forecast

##### 3.4.2: Epoxy resin in global composites industry forecast by value and by volume

##### 3.4.3: Epoxy resin in North American composites industry forecast by value and by volume

##### 3.4.4: Epoxy resin in European composites industry forecast by value and by volume

##### 3.4.5: Epoxy resin in APAC composites industry forecast by value and by volume

##### 3.4.6: Epoxy resin in ROW composites industry forecast by value and by volume

### **4. PROFITABILITY AND COST STRUCTURE ANALYSIS FOR EPOXY RESIN IN GLOBAL COMPOSITES INDUSTRY**

#### 4.1: Epoxy resins profitability analysis for global composites industry

- 4.1.1: Cost structure of epoxy resins for global composites industry 2008-2013
- 4.1.2: Regional trend cost structure of epoxy resins in global composites industry

## **5. GROWTH OPPORTUNITIES ANALYSIS FOR EPOXY RESIN IN GLOBAL COMPOSITES INDUSTRY**

- 5.1: Growth opportunities analysis
  - 5.1.1: Growth opportunities for epoxy resin market by segments
  - 5.1.2: Growth opportunities for epoxy resin market by region

## **6. INDUSTRY STRATEGIC ASSESSMENT**

- 6.1: Emerging trend in epoxy resin in global composites industry
- 6.2: Innovations and new product launches in epoxy resin market
- 6.3: Strategic alliances in epoxy resins for composites industry

## **7. CUSTOMER ANALYSIS**

- 7.1: Customer in different segments
- 7.2: Customer's geographic reach
- 7.3: Major customer profiles

## **8. COMPETITOR ANALYSIS**

- 8.1: Product portfolio analysis
- 8.2: Market share analysis
- 8.3: Geographical reach
- 8.4: Operational integration
- 8.5: Growth leadership analysis
- 8.6: Company profile of major competitors
  - 8.6.1: Momentive Specialty Chemicals
  - 8.6.2: Huntsman Corporation
  - 8.6.3: Nan Ya Plastics Corporation
  - 8.6.4: The Dow Chemical Company
  - 8.6.5: Aditya Birla Chemicals Limited (Thai Epoxy)
