Abstracts

According to a new market report published by Lucintel, the future of the global balsa core material market looks good with opportunities in the wind energy and marine industries. The global balsa core material market is forecast to grow at a CAGR of 3.5% from 2016 to 2021. The major driver for the growth of this market is increasing demand for lightweight materials in the end use industries.

In this market, wind energy and marine are the major end use industries. On the basis of comprehensive research, the wind energy segment is expected to remain the largest application by both value and volume. Expected Increase in wind turbine capacity installation is the major driving forces that spur growth for this segment over the forecast period.

Asia Pacific is expected to remain the largest market due to the increasing wind turbine capacity installations in this region. North America is expected to witness the highest growth over the forecast period due to the anticipated growth in wind turbine installation. For business expansion, this report suggests innovation for achieving low resin uptake in balsa core.

Emerging trends, which have a direct impact on the dynamics of the industry, include technological advancement to reduce resin absorption of balsa core. DIAB, 3A Composites, Gurit, CoreLite, and I-Core Composites are among the major suppliers of balsa core material.

Lucintel, a leading global strategic consulting and market research firm, has analyzed growth opportunities in the global balsa materials market by end use application and

region and has come up with a comprehensive research report, “Growth Opportunities in the Global Balsa Core Material Market 2016-2021: Trends, Forecast, and Opportunity Analysis.” The Lucintel report serves as a spring board for growth strategy as it provides a comprehensive data and analysis on trends, key drivers, and directions. The study includes a forecast for the growth opportunities in the global balsa materials market by end use application and region as follows:

By end-use application [Volume (M lbs) and Value (\$ million) from 2010 to 2021]:

Wind Energy

Marine

Others

By region [Volume (M lbs) and Value (\$ million) from 2010 to 2021]:

North America

Europe

Asia Pacific

Rest of the World

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for balsa core material market by end use application (Wind Energy, Marine, and Others) and region (North America, Europe, Asia Pacific, and Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the drivers and challenges, and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are emerging trends in this market and reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8.What are the new developments in the market and which companies are leading these developments?

Q.9.Who are the major players in this market? What strategic initiatives are being taken by key players for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by product substitution?

Q. 11. What M & A activity has occurred in the last 5 years and what is its impact on the industry?

This unique report from Lucintel will provide you with valuable information, insights, and tools needed to identify new growth opportunities and operate your business successfully in this market. This report will save hundreds of hours of your own personal research time and will significantly benefit you in expanding your business in this market. In today's stringent economy, you need every advantage that you can find.

Contents

1. EXECUTIVE SUMMARY

2. INDUSTRY BACKGROUND AND CLASSIFICATIONS

- 2.1: Introduction
- 2.2: Industry Classification
- 2.3: Supply Chain

3. MARKET TRENDS AND FORECAST ANALYSIS

- 3.1: Market Analysis 2015
 - 3.1.1: Global Balsa Core Material Market by End Use Application
 - 3.1.2: Balsa Core Material Market by Region
- 3.2: Analysis of Market Trends from 2010 to 2015
 - 3.2.1: Macroeconomic Trends
 - 3.2.2: Trends of Global Balsa Core Material Market
 - 3.2.3: Industry Drivers and Challenges
- 3.3: Market Forecast 2016–2021
 - 3.3.1: Macroeconomic Forecast
 - 3.3.2: Global Balsa Core Material Market Forecast

4. COMPETITOR ANALYSIS

- 4.1: Product Portfolio Analysis
- 4.2: Market Share Analysis
- 4.3: Geographical Reach
- 4.4: Operational Integration
- 4.5: Porter's Five Forces Analysis

5. GROWTH OPPORTUNITY & STRATEGIC ANALYSIS

- 5.1: Growth Opportunities Analysis
 - 5.1.1: Growth Opportunities for the Global Core Material Market by Region
 - 5.1.2: Growth Opportunities for the Global Core Material Market by Region by Application
- 5.2: Innovations in Balsa Core Material Market
- 5.3: Emerging Trends in the Global Balsa Core Material Market

5.3: Strategic Analysis

5.3.1: Capacity Expansion in Balsa Core Material Market

5.3.5: Mergers and Acquisitions in the Global Balsa Core Material Market

6. COMPANY PROFILES OF LEADING PLAYERS
