HEPA Filter Market Trends and Forecast

The future of the global HEPA filter market looks promising with opportunities in the household, commercial and industrial, healthcare, pharmaceutical, and commercial building sectors. The global HEPA filter market is expected to reach an estimated \$4.7 billion by 2028 with a CAGR of 7.3% from 2023 to 2028. The major drivers for this market are growing public awareness on airborne diseases, widespread use of this filter in the production of sterile products, and increasing penetration of air purifiers in the commercial and industrial settings.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

HEPA Filter Market by Segment

The study includes a forecast for the global HEPA filter market by product type, end use industry, and region, as follows:

HEPA Filter Market by Product Type [Value (\$B) Shipment Analysis from 2017 to 2028]:

Air Purifiers

HVAC Systems

Cleanroom Filter

Automotive Filter

Gas Turbine Filter

HEPA Filter Market by End Use Industry [Value (\$B) Shipment Analysis from 2017 to 2028]:

Household

Commercial and Industrial

Healthcare

Pharmaceuticals

Commercial Buildings

Others

HEPA Filter Market by Region [Value (\$B) Shipment Analysis from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of HEPA Filter Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value

chain. With these strategies HEPA filter companies cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the HEPA filter companies profiled in this report include:

Parker-Hannifin

MANN+HUMEL

Koch Filter

L. Gore& Associates

The Camfil Group

HEPA Filter Market Insights

Lucintel forecasts that cleanroom filter is expected to witness highest growth over the forecast period due to the significant use of these filters in unidirectional cleanrooms to straighten airflow and remove even the smallest particles from the room's air supply.

Commercial and industrial is expected to witness highest growth over the forecast period due to the extensive usage of these filters to remove infectious air released by hospital patients that may have a negative impact on indoor air quality.

North America will remain the largest region due to the emergence of industry 4.0, growing integration of advanced technologies in manufacturing units, and presence of major production hub in the region.

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: HEPA filter market size by various segments, such as by product type, end use industry, and region

Regional Analysis: HEPA filter market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by product type, end use industry, and regions for the HEPA filter market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the HEPA filter market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the HEPA filter market size?

Answer: The global HEPA filter market is expected to reach an estimated \$4.7 billion by 2028.

Q2. What is the growth forecast for HEPA filter market?

Answer: The global HEPA filter market is expected to grow with a CAGR of 7.3% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the HEPA filter market?

Answer: The major drivers for this market are growing public awareness towards airborne diseases, widespread use of this filter in the production of sterile products, and increasing penetration of air purifiers in the commercial and industrial settings.

Q4. What are the major segments for HEPA filter market?

Answer: The future of the HEPA filter market looks promising with opportunities in the household, commercial and industrial, healthcare, pharmaceutical, and commercial

building sectors.

Q5. Who are the key HEPA filter companies?

Answer: Some of the key HEPA filter companies are as follows:

Parker-Hannifin

MANN+HUMEL

Koch Filter

L. Gore& Associates

The Camfil Group

Q6. Which HEPA filter segment will be the largest in future?

Answer: Lucintel forecasts that cleanroom filter is expected to witness highest growth over the forecast period due to the significant use of these filters in unidirectional cleanrooms to straighten airflow and remove even the smallest particles from the room's air supply.

Q7. In HEPA filter market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region due to the emergence of industry 4.0, growing integration of advanced technologies in manufacturing units, and presence of major production hub in the region.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the HEPA filter market by product type (air purifiers, HVAC systems, cleanroom filter, automotive filter, and gas turbine filter), end use industry (household, commercial and industrial,

healthcare, pharmaceuticals, commercial buildings, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?
