Abstracts

High Voltage Capacitor Market Trends and Forecast

The future of the global high voltage capacitor market looks promising with opportunities in the power generation, distribution, and transmission applications. The global high voltage capacitor market is expected to reach an estimated \$11.5 billion by 2028 with a CAGR of 5% from 2023 to 2028. The major drivers for this market are increasing need for grid stabilization, growing investment in the power sector, and rising demand for electricity.

High Voltage Capacitor Market

A more than 150-page report is developed to help in your business decisions. A sample figure with some insights is shown below.

High Voltage Capacitor Market by Segments

High Voltage Capacitor Market by Segment

The study includes trends and forecast for the global high voltage capacitor market by dielectric, capacity, application, and region, as follows:

High Voltage Capacitor Market by Dielectric [Value (\$B) Shipment Analysis from 2017 to 2028]:

Plastic Film Capacitors

Ceramic Capacitors

Aluminium Electrolytic Capacitors (AEC)

Others

High Voltage Capacitor Market by Capacity [Value (\$B) Shipment Analysis from 2017 to 2028]:

500-1000V

1001-7000V

7001-14000V

Above 14000V

High Voltage Capacitor Market by Application [Value (\$B) Shipment Analysis from 2017 to 2028]:

Power Generation

Distribution

Transmission

Others

High Voltage Capacitor Market by Region [Value (\$B) Shipment Analysis from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of High Voltage Capacitor Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies, high voltage capacitor companies cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the high voltage capacitor companies profiled in this report include-

ABB

Artech Group

AVX

General Electric

Lifasa

High Voltage Capacitor Market Insights

Lucintel forecasts that ceramic capacitors will witness the highest growth over the forecast period due to the extensive demand for high quality ceramic capacitors in various end use industries, such as industrial, medical, and industrial applications.

Power generation is expected to remain the largest application segment due to the rising requirement for high voltage capacitors in the power generation equipment and rapid urbanization that is propelling the demand for power.

APAC will witness the highest growth due to significantly growing investment in the transmission and distribution sector and increasing demand for electricity among rising population in the region.

Features of the High Voltage Capacitor Market

Market Size Estimates: High voltage capacitor market size estimation in terms of value (\$B)

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: High voltage capacitor market size by various segments, such as by dielectric, capacity, application, and region

Regional Analysis: High voltage capacitor market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different dielectric, capacities, applications, and regions for the high voltage capacitor market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the high voltage capacitor market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the high voltage capacitor market size?

Answer: The global high voltage capacitor market is expected to reach an estimated \$11.5 billion by 2028.

Q2. What is the growth forecast for high voltage capacitor market?

Answer: The global high voltage capacitor market is expected to grow with a CAGR of 5% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the high voltage capacitor market?

Answer: The major drivers for this market are increasing need for grid stabilization, growing investment in the power sector, and rising demand for electricity.

Q4. What are the major segments for high voltage capacitor market?

Answer: The future of the high voltage capacitor market looks promising with opportunities in the power generation, distribution, and transmission applications.

Q6. Who are the key high voltage capacitor companies?

Answer: Some of the key high voltage capacitor companies are as follows:

ABB

Artech Group

AVX

General Electric

Lifasa

Q7. Which high voltage capacitor segment will be the largest in future?

Answer: Lucintel forecasts that ceramic capacitors will witness the highest growth over the forecast period due to the extensive demand for high quality ceramic capacitors in various end use industries, such as industrial, medical, and industrial applications.

Q8. In high voltage capacitor market, which region is expected to be the largest in next 5 years?

Answer: APAC will witness the highest growth due to significantly growing investment in the transmission and distribution sector and increasing demand for electricity among rising population in the region.

Q9. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the global high voltage capacitor market by dielectric (plastic film capacitors, ceramic capacitors, aluminium electrolytic capacitors (AEC), and others), capacity (500-1000V, 1001-7000V, 7001-14000V, and above 14000V), application (power generation, distribution, transmission, and others), and region (North America, Europe, Asia Pacific,

and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last five years and what has its impact been on the industry?

For any questions related to high voltage capacitor market or related to high voltage capacitor companies, high voltage capacitor market size, high voltage capacitor market share, high voltage capacitor analysis, high voltage capacitor market growth, high voltage capacitor market research, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL HIGH VOLTAGE CAPACITOR MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)

3.2: Global High Voltage Capacitor Market Trends (2017-2022) and Forecast (2023-2028)

3.3: Global High Voltage Capacitor Market by Dielectric

3.3.1: Plastic Film Capacitors

3.3.2: Ceramic Capacitors

3.3.3: Aluminium Electrolytic Capacitors (AEC)

3.3.4: Others

3.4: Global High Voltage Capacitor Market by Capacity

3.4.1: 500-1000V

3.4.2: 1001-7000V

3.4.3: 7001-14000V

3.4.4: Above 14000V

3.5: Global High Voltage Capacitor Market by Application

3.5.1: Power Generation

3.5.2: Distribution

3.5.3: Transmission

3.5.4: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2017 TO 2028

4.1: Global High Voltage Capacitor Market by Region

4.2: North American High Voltage Capacitor Market

4.2.1: North American High Voltage Capacitor Market by Dielectric: Plastic Film Capacitors, Ceramic Capacitors, Aluminium Electrolytic Capacitors (AEC), and Others

4.2.2: North American High Voltage Capacitor Market by Application: Power

Generation, Distribution, Transmission, and Others

4.3: European High Voltage Capacitor Market

4.3.1: European High Voltage Capacitor Market by Dielectric: Plastic Film Capacitors, Ceramic Capacitors, Aluminium Electrolytic Capacitors (AEC), and Others

4.3.2: European High Voltage Capacitor Market by Application: Power Generation, Distribution, Transmission, and Others

4.4: APAC High Voltage Capacitor Market

4.4.1: APAC High Voltage Capacitor Market by Dielectric: Plastic Film Capacitors, Ceramic Capacitors, Aluminium Electrolytic Capacitors (AEC), and Others

4.4.2: APAC High Voltage Capacitor Market by Application: Power Generation, Distribution, Transmission, and Others

4.5: ROW High Voltage Capacitor Market

4.5.1: ROW High Voltage Capacitor Market by Dielectric: Plastic Film Capacitors, Ceramic Capacitors, Aluminium Electrolytic Capacitors (AEC), and Others

4.5.2: ROW High Voltage Capacitor Market by Application: Power Generation, Distribution, Transmission, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global High Voltage Capacitor Market by Dielectric

6.1.2: Growth Opportunities for the Global High Voltage Capacitor Market by Capacity

6.1.3: Growth Opportunities for the Global High Voltage Capacitor Market by Application

6.1.4: Growth Opportunities for the Global High Voltage Capacitor Market by Region

6.2: Emerging Trends in the Global High Voltage Capacitor Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global High Voltage Capacitor Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global High Voltage Capacitor Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: ABB

7.2: Artech Group

7.3: AVX

7.4: General Electric

7:5: LIFASA
