Abstracts

2 – 3 business days after placing order

Immortalized Cell Line Trends and Forecast

The future of the global immortalized cell line market looks promising with opportunities in the pharmaceutical and biopharmaceutical, contract research organization, and research laboratory markets. The global immortalized cell line market is expected to grow with a CAGR of 6.8% from 2024 to 2030. The major drivers for this market are increasing number of individuals require organ transplantation, growing number of cancer patients, and expanding usage of this line in various application, such as drug discovery, diagnostic testing, regenerative medicine, and biotechnology research.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Immortalized Cell Line by Segment

The study includes a forecast for the global immortalized cell line by product type, application, and region.

Immortalized Cell Line Market by Product Type [Shipment Analysis by Value from 2018 to 2030]:

Stem Cell Therapy

Cell Transplantation

Drug Transport

Others

Immortalized Cell Line Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Pharmaceutical and Biopharmaceutical

Contract Research Organizations

Research Laboratories

Others

Immortalized Cell Line Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Immortalized Cell Line Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies immortalized cell line companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the immortalized cell line companies profiled in this report include-

Thermo Fisher Scientific

ATCC

Valneva

Sartorius

Lonza Group

Merck

Selexis

WuXi App

European Collection of Authenticated Cell Cultures

Corning Incorporated

Immortalized Cell Line Market Insights

Lucintel forecasts that stem cell therapy is expected to witness the highest growth over the forecast period.

Within this market, pharmaceutical and biopharmaceutical will remain the largest segment over the forecast period.

North America will remain the largest region over the forecast period due to rise in the prevalence of cancer as well as existence of a thriving biotechnology and pharmaceutical industry in the region.

Features of the Global Immortalized Cell Line Market

Market Size Estimates: Immortalized cell line market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030)

by various segments and regions.

Segmentation Analysis: Immortalized cell line market size by product type, application, and region in terms of value (\$B).

Regional Analysis: Immortalized cell line market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different product types, applications, and regions for the immortalized cell line market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the immortalized cell line market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the growth forecast for immortalized cell line market?

Answer: The global immortalized cell line market is expected to grow with a CAGR of 6.8% from 2024 to 2030.

Q2. What are the major drivers influencing the growth of the immortalized cell line market?

Answer: The major drivers for this market are increasing number of individuals require organ transplantation, growing number of cancer patients, and expanding usage of this line in various application, such as drug discovery, diagnostic testing, regenerative medicine, and biotechnology research.

Q3. What are the major segments for immortalized cell line market?

Answer: The future of the immortalized cell line market looks promising with opportunities in the pharmaceutical and biopharmaceutical, contract research organization, and research laboratory markets.

Q4. Who are the key immortalized cell line market companies?

Answer: Some of the key immortalized cell line companies are as follows:

Thermo Fisher Scientific

ATCC

Valneva

Sartorius

Lonza Group

Merck

Selexis

WuXi App

European Collection of Authenticated Cell Cultures

Corning Incorporated

Q5. Which immortalized cell line market segment will be the largest in future?

Answer: Lucintel forecasts that stem cell therapy is expected to witness the highest growth over the forecast period.

Q6. In immortalized cell line market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period due to rise in the prevalence of cancer as well as existence of a thriving biotechnology and pharmaceutical industry in the region.

Q7. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the immortalized cell line market by product type (stem cell therapy, cell transplantation, drug transport, and others), application (pharmaceutical and biopharmaceutical, contract research organizations, research laboratories, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Immortalized Cell Line Market, Immortalized Cell Line Market Size, Immortalized Cell Line Market Growth, Immortalized Cell Line Market Analysis, Immortalized Cell Line Market Report, Immortalized Cell Line Market Share, Immortalized Cell Line Market Trends, Immortalized Cell Line Market Forecast, Immortalized Cell Line Companies, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL IMMORTALIZED CELL LINE MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Immortalized Cell Line Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Immortalized Cell Line Market by Product Type

3.3.1: Stem Cell Therapy

3.3.2: Cell Transplantation

3.3.3: Drug Transport

3.3.4: Others

3.4: Global Immortalized Cell Line Market by Application

3.4.1: Pharmaceutical and Biopharmaceutical

3.4.2: Contract Research Organizations

3.4.3: Research Laboratories

3.4.4: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global Immortalized Cell Line Market by Region

4.2: North American Immortalized Cell Line Market

4.2.1: North American Immortalized Cell Line Market by Product Type: Stem Cell Therapy, Cell Transplantation, Drug Transport, and Others

4.2.2: North American Immortalized Cell Line Market by Application: Pharmaceutical and Biopharmaceutical, Contract Research Organizations, Research Laboratories, and Others

4.3: European Immortalized Cell Line Market

4.3.1: European Immortalized Cell Line Market by Product Type: Stem Cell Therapy, Cell Transplantation, Drug Transport, and Others

4.3.2: European Immortalized Cell Line Market by Application: Pharmaceutical and Biopharmaceutical, Contract Research Organizations, Research Laboratories, and Others

4.4: APAC Immortalized Cell Line Market

4.4.1: APAC Immortalized Cell Line Market by Product Type: Stem Cell Therapy, Cell Transplantation, Drug Transport, and Others

4.4.2: APAC Immortalized Cell Line Market by Application: Pharmaceutical and Biopharmaceutical, Contract Research Organizations, Research Laboratories, and Others

4.5: ROW Immortalized Cell Line Market

4.5.1: ROW Immortalized Cell Line Market by Product Type: Stem Cell Therapy, Cell Transplantation, Drug Transport, and Others

4.5.2: ROW Immortalized Cell Line Market by Application: Pharmaceutical and Biopharmaceutical, Contract Research Organizations, Research Laboratories, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Immortalized Cell Line Market by Product Type

6.1.2: Growth Opportunities for the Global Immortalized Cell Line Market by Application

6.1.3: Growth Opportunities for the Global Immortalized Cell Line Market by Region

6.2: Emerging Trends in the Global Immortalized Cell Line Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Immortalized Cell Line Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Immortalized Cell Line Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

- 7.1: Thermo Fisher Scientific
- 7.2: ATCC
- 7.3: Valneva
- 7.4: Sartorius
- 7.5: Lonza Group
- 7.6: Merck
- 7.7: Selexis
- 7.8: WuXi App
- 7.9: European Collection of Authenticated Cell Cultures
- 7.10: Corning Incorporated
