Abstracts

It will take 2-3 business days to deliver the report upon receipt the order if any customization is not there.

Incident and Emergency Management Trends and Forecast

The future of the global incident and emergency management market looks promising with opportunities in the it and telecom, energy and utilities, healthcare and life sciences, defense and military, transportation and logistics, government and public sector, manufacturing, and real estate & construction sectors. The global incident and emergency management market is expected to reach an estimated \$181.8 billion by 2030 with a CAGR of 6.0% from 2024 to 2030. The major drivers for this market are increasing number of terrorist attacks and natural disasters incidents in worldwide, increasing usage of AI to predict upcoming events, and favorable governmental regulations for novel management solutions.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Incident and Emergency Management by Segment

The study includes a forecast for the global incident and emergency management by component, end use industry, end use industry, technology, and region

Incident and Emergency Management Market by Component [Shipment Analysis by Value from 2018 to 2030]:

Solutions

Services

Communication Tools and Devices

Incident and Emergency Management Market by End Use Industry [Shipment Analysis by Value from 2018 to 2030]:

IT and Telecom

Energy and Utilities

Healthcare and Life Sciences

Defense and Military

Transportation and Logistics

Government and Public Sector

Manufacturing

Real Estate and Construction

Others

Incident and Emergency Management Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Incident and Emergency Management Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies incident and emergency management companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the incident and emergency management companies profiled in this report include-

Honeywell

Lockheed Martin

Motorola Solutions

Siemens

NEC

Incident and Emergency Management Market Insights

Lucintel forecast that solutions is expected to witness highest growth over the forecast period.

Defense and military will remain the largest segment due to increasing use of incident and emergency management solutions in this sector for safeguarding country from terrorist attacks, external aggressions, and natural disasters.

APAC is expected to witness highest growth over the forecast period due to high frequency of unpredictable climate-related disasters and significant government investment in incident and emergency management systems to reduce the possibility of disaster in the region.

Features of the Global Incident and Emergency Management Market

Market Size Estimates: Incident and emergency management market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Incident and emergency management market size by component, end use industry, and region in terms of value (\$B).

Regional Analysis: Incident and emergency management market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different component, end use industry, and regions for the incident and emergency management market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the incident and emergency management market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q.1 What is the incident and emergency management market size?

Answer: The global incident and emergency management market is expected to reach an estimated \$181.8 billion by 2030.

Q.2 What is the growth forecast for incident and emergency management market?

Answer: The global incident and emergency management market is expected to grow with a CAGR of 6.0% from 2024 to 2030.

Q.3 What are the major drivers influencing the growth of the incident and emergency management market?

Answer: The major drivers for this market are increasing number of terrorist attacks and natural disasters incidents in worldwide, increasing usage of AI to predict upcoming events, and favorable governmental regulations for novel management solutions.

Q4. What are the major segments for incident and emergency management market?

Answer: The future of the incident and emergency management market looks promising with opportunities in the it and telecom, energy and utilities, healthcare and life sciences, defense and military, transportation and logistics, government and public sector, manufacturing, and real estate & construction sectors.

Q5. Who are the key Incident and emergency management market companies?

Answer: Some of the key incident and emergency management companies are as follows:

Honeywell

Lockheed Martin

Motorola Solutions

Siemens

NEC

Q6. Which incident and emergency management market segment will be the largest in future?

Answer: Lucintel forecast that solutions is expected to witness highest growth over the forecast period.

Q7. In incident and emergency management market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness highest growth over the forecast period due to high frequency of unpredictable climate-related disasters and significant government investment in incident and emergency management systems to reduce the possibility of disaster in the region.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the incident and emergency management market by component (solutions, services, and communication tools & devices), end use industry (IT and telecom, energy and utilities, healthcare and life sciences, defense and military, transportation and logistics, government and public sector, manufacturing, real estate & construction, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to incident and emergency management market or related to incident and emergency management companies, incident and emergency management market size, incident and emergency management market share, incident and emergency management market growth, incident and emergency management market research, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad

to get back to you soon.

4.1: Global Incident and Emergency Management Market by Region

4.2: North American Incident and Emergency Management Market

4.2.1: North American Incident and Emergency Management Market by Component : Solutions, Services, and Communication Tools & Devices

4.2.2: North American Incident and Emergency Management Market by End Use Industry: IT and Telecom, Energy and Utilities, Healthcare and Life Sciences, Defense

and Military, Transportation and Logistics, Government and Public Sector, Manufacturing, and Real Estate & Construction

4.3: European Incident and Emergency Management Market

4.3.1: European Incident and Emergency Management Market by Component : Solutions, Services, and Communication Tools & Devices

4.3.2: European Incident and Emergency Management Market by End Use Industry: IT and Telecom, Energy and Utilities, Healthcare and Life Sciences, Defense and Military, Transportation and Logistics, Government and Public Sector, Manufacturing, and Real Estate & Construction

4.4: APAC Incident and Emergency Management Market

4.4.1: APAC Incident and Emergency Management Market by Component : Solutions, Services, and Communication Tools & Devices

4.4.2: APAC Incident and Emergency Management Market by End Use Industry: IT and Telecom, Energy and Utilities, Healthcare and Life Sciences, Defense and Military, Transportation and Logistics, Government and Public Sector, Manufacturing, and Real Estate & Construction

4.5: ROW Incident and Emergency Management Market

4.5.1: ROW Incident and Emergency Management Market by Component : Solutions, Services, and Communication Tools & Devices

4.5.2: ROW Incident and Emergency Management Market by End Use Industry: IT and Telecom, Energy and Utilities, Healthcare and Life Sciences, Defense and Military, Transportation and Logistics, Government and Public Sector, Manufacturing, and Real Estate & Construction

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Incident and Emergency Management Market by Component

6.1.2: Growth Opportunities for the Global Incident and Emergency Management Market by End Use Industry

6.1.3: Growth Opportunities for the Global Incident and Emergency Management Market Region

6.2: Emerging Trends in the Global Incident and Emergency Management Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Incident and Emergency Management Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Incident and Emergency Management Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Honeywell

7.2: Lockheed Martin

7.3: Motorola Solutions

7.4: Siemens

7.5: NEC
