Insider Threat Protection Trends and Forecast

The future of the global insider threat protection market looks promising with opportunities in the BFSI, IT and telecom, retail & e-commerce, healthcare & life science, manufacturing, government & defense, and energy & utility markets. The global insider threat protection market is expected to reach an estimated \$8.3 billion by 2030 with a CAGR of 13.6% from 2024 to 2030. The major drivers for this market are rising demand for professional and managed security services, substantial investments on the development of strong threat intelligence solutions by governments and organizations, as well as, increased concern about data security due to the possibility of valuable company data being compromised due to device theft, loss, or hacking.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Insider Threat Protection by Segment

The study includes a forecast for the global insider threat protection by solution, deployment, enterprise size, end use, and region.

Insider Threat Protection Market by Solution [Shipment Analysis by Value from 2018 to 2030]:

Software

Services

Insider Threat Protection Market by Deployment [Shipment Analysis by Value from 2018 to 2030]:

Cloud

On-Premise

Insider Threat Protection Market by Enterprise Size [Shipment Analysis by Value from 2018 to 2030]:

Small and Medium-Sized Enterprises

Large Enterprises

Insider Threat Protection Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

BFSI

IT and Telecom

Retail & E-Commerce

Healthcare & Life Sciences

Manufacturing

Government & Defense

Energy & Utilities

Others

Insider Threat Protection Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Insider Threat Protection Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies insider threat protection companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the insider threat protection companies profiled in this report include-

Cisco Systems

Microsoft

Broadcom

VMware

Citrix Systems

Kaspersky Labs

Ivanti

Micro Focus

Zoho

McAfee

Insider Threat Protection Market Insights

Lucintel forecasts that software will remain larger segment over the forecast period because it offers the best protection features, including cloud-based endpoint detection, threat understanding and intelligence, behavioral protection, and a range of security analytics methods.

Within this market, BFSI will remain the largest segment because they have responsibility of holding substantial amounts of vital data, businesses are always vulnerable to cyberattacks.

North America will remain the largest region over the forecast period due to growing adherence to the bring your own device movement, the necessity of data security, and the use of servers, PCs, and mobile devices.

Features of the Global Insider Threat Protection Market

Market Size Estimates: Insider threat protection market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Insider threat protection market size by solution, deployment, enterprise size, end use, and region in terms of value (\$B).

Regional Analysis: Insider threat protection market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different solution, deployment, enterprise size, end use, and regions for the insider threat protection market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the insider threat protection market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the insider threat protection market size?

Answer: The global insider threat protection market is expected to reach an estimated \$8.3 billion by 2030.

Q2. What is the growth forecast for insider threat protection market?

Answer: The global insider threat protection market is expected to grow with a CAGR of 13.6% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the insider threat protection market?

Answer: The major drivers for this market are rising demand for professional and managed security services, substantial investments on the development of strong threat intelligence solutions by governments and organizations, as well as, increased concern about data security due to the possibility of valuable company data being compromised due to device theft, loss, or hacking.

Q4. What are the major segments for insider threat protection market?

Answer: The future of the global insider threat protection market looks promising with opportunities in the BFSI, IT and telecom, retail & e-commerce, healthcare & life science, manufacturing, government & defense, and energy & utility markets.

Q5. Who are the key insider threat protection market companies?

Answer: Some of the key insider threat protection companies are as follows:

Cisco Systems

Microsoft

Broadcom

VMware

Citrix Systems

Kaspersky Labs

Ivanti

Micro Focus

Zoho

McAfee

Q6. Which insider threat protection market segment will be the largest in future?

Answer: Lucintel forecasts that software will remain larger segment over the forecast period because it offers the best protection features, including cloud-based endpoint detection, threat understanding and intelligence, behavioral protection, and a range of security analytics methods.

Q7. In insider threat protection market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period due to growing adherence to the bring your own device movement, the necessity of data security, and the use of servers, PCs, and mobile devices.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the insider threat protection market by solution (software and services), deployment (cloud and on-premise), enterprise size (small and medium-sized enterprises and large enterprises), end use (BFSI, IT and telecom, retail & e-commerce, healthcare & life sciences,

manufacturing, government & defense, energy & utilities, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL INSIDER THREAT PROTECTION MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Insider Threat Protection Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Insider Threat Protection Market by Solution

3.3.1: Software

3.3.2: Services

3.4: Global Insider Threat Protection Market by Deployment

3.4.1: Cloud

3.4.2: On-premise

3.5: Global Insider Threat Protection Market by Enterprise Size

3.5.1: Small and Medium-sized Enterprises

3.5.2: Large Enterprises

3.6: Global Insider Threat Protection Market by End Use

3.6.1: BFSI

3.6.2: IT and Telecom

3.6.3: Retail & E-commerce

3.6.4: Healthcare & Life Sciences

3.6.5: Manufacturing

3.6.6: Government & Defense

3.6.7: Energy & Utilities

3.6.8: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global Insider Threat Protection Market by Region

4.2: North American Insider Threat Protection Market

4.2.1: North American Insider Threat Protection Market by Solution: Software and Services

4.2.2: North American Insider Threat Protection Market by End Use: BFSI, IT and Telecom, Retail & E-commerce, Healthcare & Life Sciences, Manufacturing, Government & Defense, Energy & Utilities, and Others

4.3: European Insider Threat Protection Market

4.3.1: European Insider Threat Protection Market by Solution: Software and Services

4.3.2: European Insider Threat Protection Market by End Use: BFSI, IT and Telecom, Retail & E-commerce, Healthcare & Life Sciences, Manufacturing, Government & Defense, Energy & Utilities, and Others

4.4: APAC Insider Threat Protection Market

4.4.1: APAC Insider Threat Protection Market by Solution: Software and Services

4.4.2: APAC Insider Threat Protection Market by End Use: BFSI, IT and Telecom, Retail & E-commerce, Healthcare & Life Sciences, Manufacturing, Government & Defense, Energy & Utilities, and Others

4.5: ROW Insider Threat Protection Market

4.5.1: ROW Insider Threat Protection Market by Solution: Software and Services

4.5.2: ROW Insider Threat Protection Market by End Use: BFSI, IT and Telecom, Retail & E-commerce, Healthcare & Life Sciences, Manufacturing, Government & Defense, Energy & Utilities, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Insider Threat Protection Market by Solution

6.1.2: Growth Opportunities for the Global Insider Threat Protection Market by Deployment

6.1.3: Growth Opportunities for the Global Insider Threat Protection Market by Enterprise Size

6.1.4: Growth Opportunities for the Global Insider Threat Protection Market by End Use

6.1.5: Growth Opportunities for the Global Insider Threat Protection Market by Region

6.2: Emerging Trends in the Global Insider Threat Protection Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Insider Threat Protection Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Insider Threat Protection Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Cisco Systems

7.2: Microsoft

7.3: Broadcom

7.4: VMware

7.5: Citrix Systems

7.6: Kaspersky Labs

7.7: Ivanti

7.8: Micro Focus

7.9: Zoho

7.10: McAfee
