Abstracts

Intensive Care Unit Equipment Market Trends and Forecast

The future of the intensive care unit equipment market looks promising with opportunities in the hospitals and specialty clinics. The global intensive care unit equipment market is expected to grow with a CAGR of 3% to 5% from 2023 to 2028. The major drivers for this market are surge in elderly population, rise in prevalence of coronary heart-related illness, and growing number of COVID-19 patients with respiratory failure.

Intensive Care Unit Equipment Market by Product, Application, and End Use Industry

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below. To learn the scope, benefits, companies researched and other details of the global intensive care unit equipment market report, please download the report brochure.

Intensive Care Unit Equipment Market by Segments

Intensive Care Unit Equipment Market by Segment

The study includes a forecast for the global intensive care unit equipment market by product, application, end use industry, as follows:

Intensive Care Unit Equipment Market by Product [Value (\$B) shipment analysis for 2017 to 2028]:

Beds

Ventilators

Pulse Oximeter

Dialysis Equipment

Others

Intensive Care Unit Equipment Market by Application [Value (\$B) shipment analysis for 2017 to 2028]:

Neurology

Cardiology

Respiratory

Oncology

Trauma

Others

Intensive Care Unit Equipment Market by End Use Industry [Value (\$B) shipment analysis for 2017 to 2028]:

Hospitals

Specialty Clinics

Others

Intensive Care Unit Equipment Market by Region [Value (\$B) shipment analysis for 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Intensive Care Unit Equipment Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies intensive care unit equipment companies cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the intensive care unit equipment companies profiled in this report include.

Baxter

BD Medical

Cardinal Health

Getinge AB

Invacare

Dragerwerk

GE Healthcare

Medtronic

ResMed

Stryker

Intensive Care Unit Equipment Market Insights

Lucintel forecasts that ventilators will remain the largest segment over the forecast period due to the surge in the number of patients with severe COVID-19 symptoms requiring ventilation in many countries.

Cardiology is expected to remain the largest segment due to increasing adoption of a sedentary lifestyle which has led to a striking rise in the cases of cardiovascular diseases in the younger population.

North America will remain the largest region due to rising cases of respiratory and chronic disorders in the US, rising geriatric population, and the presence of well-established healthcare infrastructure in the US.

Features of the Intensive Care Unit Equipment Market

Market Size Estimates: Intensive care unit equipment market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Intensive care unit equipment market size by various segments, such as by product, application, end use industry and region

Regional Analysis: Intensive care unit equipment market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by product, application, end use industry, and regions for the intensive care unit equipment market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the intensive care unit equipment market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the intensive care unit equipment market size?

Answer: The global intensive care unit equipment market is expected to reach an estimated \$xx billion by 2028.

Q2. What is the growth forecast for intensive care unit equipment market?

Answer: The global intensive care unit equipment market is expected to grow with a CAGR of 3% to 5% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the intensive care unit equipment market?

Answer: The major drivers for this market are surge in elderly population, rise in prevalence of coronary heart-related illness, and growing number of COVID-19 patients with respiratory failure.

Q4. What are the major segments for intensive care unit equipment market?

Answer: The future of the intensive care unit equipment market looks promising with opportunities in the hospitals and specialty clinics.

Q5. Who are the key intensive care unit equipment companies?

Answer: Some of the key Intensive care unit equipment companies are as follows:

Baxter

BD Medical

Cardinal Health

Getinge AB

Invacare

Drägerwerk

GE Healthcare

Medtronic

ResMed

Stryker

Q6. Which intensive care unit equipment segment will be the largest in future?

Answer: Lucintel forecasts that ventilators will remain the largest segment over the forecast period due to the surge in the number of patients with severe COVID-19 symptoms requiring ventilation in many countries.

Q7. In intensive care unit equipment market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region due to rising cases of respiratory and chronic disorders in the US, rising geriatric population, and the presence of well-established healthcare infrastructure in the US.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the intensive care unit equipment market by product (beds, ventilators, pulse oximeter, dialysis equipment, and others), application (neurology, cardiology, respiratory, oncology, trauma, and others), end use industry (hospitals, specialty clinics, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to intensive care unit equipment market or related intensive care unit equipment companies, intensive care unit equipment market size, intensive care unit equipment market share, intensive care unit equipment analysis

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL INTENSIVE CARE UNIT EQUIPMENT MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)

3.2: Global Intensive Care Unit Equipment Market Trends (2017-2022) and Forecast (2023-2028)

3.3: Global Intensive Care Unit Equipment Market by Product

3.3.1: Beds

3.3.2: Ventilators

3.3.3: Pulse Oximeter

3.3.4: Dialysis Equipment

3.3.5: Others

3.4: Global Intensive Care Unit Equipment Market by Application

3.4.1: Neurology

3.4.3: Cardiology

3.4.4: Respiratory

3.4.5: Oncology

3.4.6: Trauma

3.4.7: Others

3.5: Global Intensive Care Unit Equipment Market by End Use Industry

3.5.1: Hospitals

3.5.2: Specialty Clinics

3.5.3: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2017-2028

4.1: Global Intensive Care Unit Equipment Market by Region

4.2: North American Intensive Care Unit Equipment Market

4.2.1: North American Intensive Care Unit Equipment Market by Product: Beds, Ventilators, Pulse Oximeter, Dialysis Equipment, and Others

4.2.2: North American Intensive Care Unit Equipment Market by Application: Hospitals, Specialty Clinics, and Others

4.3: European Intensive Care Unit Equipment Market

4.3.1: European Intensive Care Unit Equipment Market by Product: Beds, Ventilators, Pulse Oximeter, Dialysis Equipment, and Others

4.3.2: European Intensive Care Unit Equipment Market by Application: Hospitals, Specialty Clinics, and Others

4.4: APAC Intensive Care Unit Equipment Market

4.4.1: APAC Intensive Care Unit Equipment Market by Product: Beds, Ventilators, Pulse Oximeter, Dialysis Equipment, and Others

4.4.2: APAC Intensive Care Unit Equipment Market by Application: Hospitals, Specialty Clinics, and Others

4.5: ROW Intensive Care Unit Equipment Market

4.5.1: ROW Intensive Care Unit Equipment Market by Product: Beds, Ventilators, Pulse Oximeter, Dialysis Equipment, and Others

4.5.2: ROW Intensive Care Unit Equipment Market by Application: Hospitals, Specialty Clinics, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Intensive Care Unit Equipment Market by Product

6.1.2: Growth Opportunities for the Global Intensive Care Unit Equipment Market by Application

6.1.3: Growth Opportunities for the Global Intensive Care Unit Equipment Market by End Use Industry

6.1.4: Growth Opportunities for the Global Intensive Care Unit Equipment Market by Region

6.2: Emerging Trends in the Global Intensive Care Unit Equipment Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Intensive Care Unit Equipment Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Intensive Care Unit Equipment Market

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Baxter

7.2: BD Medical

7.3: Cardinal Health

7.4: Getinge AB

7.5: Invacare

7.6: Drägerwerk

7.7: GE Healthcare

7.8: Medtronic

7.9: ResMed

7.10: Stryker
