Kosher Food Trends and Forecast

The future of the global kosher food market looks promising with opportunities in the culinary products, snacks & savory, bakery & confectionery products, meat, beverages, and dietary supplements markets. The global kosher food market is expected to reach an estimated \$53.67 billion by 2030 with a CAGR of 5.3% from 2024 to 2030. The major drivers for this market are increasing consumer demand for safer and high-quality food products and growing demand from individuals with lactose intolerance.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.
