The future of the laser tracker market looks promising with opportunities in the defense and aerospace, transportation, architecture and construction, energy and power, general manufacturing, and automotive industries. The global laser tracker market is expected to grow with a CAGR of 11% to 13% from 2021 to 2026. The major drivers for this market are increasing need for quality control & inspection, alignment, reverse engineering, and calibration across industries.

A more than 150 page report is developed to help in your business decisions. Sample figures with some insights are shown below. To learn the scope of, benefits, companies researched and other details of laser tracker market report download the report brochure.

The study includes trends and forecast for the global laser tracker market by component, application, end use industry, and region as follows:

By Component [\$M shipment analysis for 2015 – 2026]:

Hardware

Software

Services

By Application [\$M shipment analysis for 2015 – 2026]:

Calibration

Quality Control and Inspection

Reverse Engineering

Alignment

By End Use Industry [\$M shipment analysis for 2015 – 2026]:

Defense and Aerospace

Transportation

Architecture and Construction

Energy and Power

General Manufacturing

Automotive

By Region [\$M shipment analysis for 2015 – 2026]:

North America

United States

Canada

Mexico

Europe

Germany

United Kingdom

France

Italy

Asia Pacific

China

Japan

India

South Korea

The Rest of the World

Quality control & inspection will remain the largest application segment over the forecast period due to the increasing adoption of this technology by various manufacturing companies to strengthen their quality control.

Automotive end use industry is expected to witness the highest growth over the forecast period due to the use of laser trackers for inspection and products as well as critical equipment manufacturing in the automotive sector.

Europe will remain the largest region during the forecast period due to rapid industrialization and increasing adoption of new technologies across different end use industry verticals.

Some of the laser tracker companies profiled in this report include Brunson Instrument Company, Faro, On-Trak Photonics Inc., Variation Reduction Solutions, Inc., API, Hexagon, PLX Inc., VMT GmbH, Hubbs Machine and Manufacturing Inc., and SGS.

Features of Laser Tracker Market

Market Size Estimates: Laser tracker market size estimation in terms of value

(\$M) Trend and Forecast Analysis: Market trends (2015-2020) and forecast (2021-2026) by various segments and regions.

Segmentation Analysis: Market size by component, application, and end use industry

Regional Analysis: Laser tracker market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different end use industries, product type, application, and regions for laser tracker market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the laser tracker market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

This report answers following 11 key questions

Q.1 What are some of the most promising potential, high-growth opportunities for the global laser tracker market by component (hardware, software, and services), application (quality control & inspection, alignment, calibration and reverse engineering), end use industry (defense and aerospace, transportation, architecture and construction, energy and power, general manufacturing, automotive), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2 Which segments will grow at a faster pace and why?

Q.3 Which regions will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges of the laser tracker market?

Q.5 What are the business risks and threats to the laser tracker market?

Q.6 What are the emerging trends in the laser tracker market and the reasons behind them?

Q.7 What are some changing demands of customers in the laser tracker market?

Q.8 What are the new developments in the laser tracker market? Which companies are leading these developments?

Q.9 Who are the major players in the laser tracker market? What strategic initiatives are being implemented by key players for business growth?

Q.10 What are some of the competitive products and processes in the laser tracker market, and how big of a threat do they pose for loss of market share via material or product substitution?

Q.11 What M&A activities did take place in the last five years in the laser tracker market?

Contents

1. EXECUTIVE SUMMARY

2. MARKET BACKGROUND AND CLASSIFICATIONS

Introduction, Background, and Classifications

Supply Chain

Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2015 T 2026

Macroeconomic Trends (2015-2020) and Forecast (2021-2026)

Global Laser Tracker Market Trends (2015-2020) and Forecast (2021-2026)

Global Laser Tracker Market by Component

Hardware

Software

Global Laser Tracker Market by Application

Calibration

Quality Control and Inspection

Reverse Engineering

Alignment

Global Laser Tracker Market by End Use Industry

Defense and Aerospace

Transportation

Architecture and Construction

Energy and Power

General Manufacturing

Automotive

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2015 T 2026

Global Laser Tracker Market by Region

North American Laser Tracker Market

Market by Component

Market by Application

Market by End Use Industry

The US Laser Tracker Market

The Canadian Laser Tracker Market

The Mexican Laser Tracker Market
European Laser Tracker Market
Market by Component
Market by Application
Market by End Use Industry
United Kingdom Laser Tracker Market
French Laser Tracker Market
Italian Laser Tracker Market
APAC Laser Tracker Market
Market by Component
Market by Application
Market by End Use Industry
Chinese Laser Tracker Market
Japanese Laser Tracker Market
Indian Laser Tracker Market
South Korean Laser Tracker Market
ROW Laser Tracker Market
Market by Component
Market by Application
Market by End Use Industry

5. COMPETITOR ANALYSIS

Product Portfolio Analysis
Geographical Reach
Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

Growth Opportunity Analysis
Growth Opportunities for the Global Laser tracker Market by Component
Growth Opportunities for the Global Laser tracker Market by Application
Growth Opportunities for the Global Laser tracker Market by End Use Industry
Growth Opportunities for the Global Laser tracker Market by Region
Emerging Trends in the Global Laser tracker Market
Strategic Analysis
New Product Development
Capacity Expansion of the Global Laser tracker Market
Technology Development

Mergers and Acquisitions in the Global Laser tracker Industry

7. COMPANY PROFILES OF LEADING PLAYERS

Brunson Instrument Company

Faro

On-Trak Photonics Inc

Variation Reduction Solutions, Inc

API

Hexagon

PLX Inc

VMT GmbH

Hubbs Machine and Manufacturing Inc

SGS
