The future of the meat market looks promising with opportunities in the fresh meat and processed meat markets. The global meat market is expected to grow with a CAGR of 3% to 5% from 2021 to 2026. The major drivers for this market are growth in per capita meat consumption in Asian countries, rising importance of private label brands, and increasing importance of protein intake among health conscious people.

A more than 150 page report is developed to help in your business decisions. Sample figures with some insights are shown below. To learn the scope of, benefits, companies researched and other details of meat market report download the report brochure.

The study includes trends and forecasts for the global meat market by product, type, and region as follows:

By Product [Volume (kilotons) and analysis for 2015 – 2026]:

Pork

Poultry

Beef

Others

By Meat Type [Volume (kilotons) and analysis for 2015 – 2026]:

Processed Meat

Fresh Meat

By Region [Volume (kilotons) and analysis for 2015 – 2026]:

North America

United States

Canada

Mexico

Europe

Germany

United Kingdom

France

Italy

Asia Pacific

China

Japan

India

South Korea

The Rest of the World

Pork meat will remain the largest product segment during the forecast period due to the increasing demand for red meat and pork based various processed meat products.

Processed meat is expected to witness the highest growth over the forecast period due to increasing demand for ready-to-eat and ready-to-cook food products along with changing lifestyle and increasing per capita income.

Asia Pacific will remain the largest region over the forecast period due to growth in per capita meat consumption in emerging economies, like China and India.

Some of the meat companies profiled in this report include BRF, Hormel Foods, JBS, NH Foods, Tyson Foods, Kraft Heinz, Cargill and WH Group.

Features of Meat Market

Market Size Estimates: Meat market size estimation in terms of Value (\$M) and Volume (kilotons)

Trend and Forecast Analysis: Market trends (2015-2020) and forecast (2021-2026) by various segments and regions.

Segmentation Analysis: Market size by product and meat type

Regional Analysis: Meat market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different product, meat type, and regions for meat market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the meat market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

This report answers following 11 key questions

Q.1 What are some of the most promising potential, high-growth opportunities for the

global meat market by product (pork, poultry, beef, and others), meat type (processed meat and fresh meat), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2 Which segments will grow at a faster pace and why?

Q.3 Which regions will grow at a faster pace and why?

Q.4 What are the key factors affecting market dynamics? What are the drivers and challenges of the meat market?

Q.5 What are the business risks and threats to the meat market?

Q.6 What are emerging trends in this meat market and the reasons behind them?

Q.7 What are some changing demands of customers in the meat market?

Q.8 What are the new developments in the meat market? Which companies are leading these developments?

Q.9 Who are the major players in the meat market? What strategic initiatives are being implemented by key players for business growth?

Q.10 What are some of the competitive products and processes in the meat market, and how big of a threat do they pose for loss of market share via material or product substitution?

Q.11 What M&A activities did take place in the last five years in the meat market?
