Abstracts

It will take 2-3 business days to deliver the report upon receipt the order if any customization is not there.

Managed Service Trends and Forecast

The future of the global managed service market looks promising with opportunities in the telecom, IT, BFSI, consumer goods and retail, manufacturing, healthcare, education, energy & utilities, and media & entertainment sectors. The global managed service market is expected to reach an estimated \$433.9 billion by 2030 with a CAGR of 7.0% from 2024 to 2030. The major drivers for this market are growing use of cloud-managed services, augmenting trend of remote work culture, and increasing preference for BYOD (bring your own device) among enterprises.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Managed Service by Segment

The study includes a forecast for the global managed service by service, deployment type, organization size, end use industry, and region.

Managed Service Market by Service [Shipment Analysis by Value from 2018 to 2030]:

Security Services

Network Services

Data Center and IT Infra Services

Communication and Collaboration Services

Mobility Services

Information Services

Managed Service Market by Deployment Type [Shipment Analysis by Value from 2018 to 2030]:

Cloud

On-Premise

Managed Service Market by Organization Size [Shipment Analysis by Value from 2018 to 2030]:

SME

Large Enterprise

Managed Service Market by End Use Industry [Shipment Analysis by Value from 2018 to 2030]:

Telecom

IT

BFSI

Consumer Goods and Retail

Manufacturing

Healthcare

Education

Energy and Utilities

Media and Entertainment

Others

Managed Service Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Managed Service Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies managed service companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the managed service companies profiled in this report include-

IBM

Dimension Data

HCL

Accenture

AT&T

Atos

TCS

Ericsson

Cisco

Fujitsu

Managed Service Market Insights

Lucintel forecasts that security is expected to witness highest growth over the forecast period due to increasing significance of data privacy and maintain security posture in organisations.

North America is expected to witness highest growth over the forecast period due to rapid industrialization, rising demand for outsourcing IT services, and presence of key players in the region.

Features of the Global Managed Service Market

Market Size Estimates: Managed service market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Managed service market by various segments, such as by service, deployment type, organization size, end use industry and region in terms of(\$B).

Regional Analysis: Managed service market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different services, deployment types, organization sizes, end use industries, and regions for the managed service

market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the managed service market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q.1 What is the managed service market size?

Answer: The global managed service market is expected to reach an estimated \$433.9 billion by 2030.

Q.2 What is the growth forecast for managed service market?

Answer: The global managed service market is expected to grow with a CAGR of 7.0% from 2024 to 2030.
