A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Multifamily Housing Green Building by Segment

The study includes a forecast for the global multifamily housing green building by type, product, construction type, application, and region.

Multifamily Housing Green Building Market by Type [Shipment Analysis by Value from 2018 to 2030]:

New Construction

Remodeling

Multifamily Housing Green Building Market by Product [Shipment Analysis by Value from 2018 to 2030]:

Interior Products

Exterior Products

Multifamily Housing Green Building Market by Construction Type [Shipment Analysis by Value from 2018 to 2030]:

Full Green

Semi Green

Multifamily Housing Green Building Market by Application [Shipment Analysis by Value from 2018 to 2030]:

Individual

Commercial

Municipal

Multifamily Housing Green Building Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Multifamily Housing Green Building Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies multifamily housing green building companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the multifamily housing green building companies profiled in this report include-

Turner Construction

Clark Group

AECOM

Swinerton

Hensel Phelps

Skanska

Lendlease

Holder Construction

Webcor

Walsh Group

Multifamily Housing Green Building Market Insights

Lucintel forecasts that new construction is expected to witness higher growth over the forecast period.

Within this market, commercial will remain the largest segment.

APAC is expected to witness the highest growth over the forecast period.

Features of the Global Multifamily Housing Green Building Market

Market Size Estimates: Multifamily housing green building market size estimation in terms of value (\$B).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Multifamily housing green building market size by type, product, construction type, application, and region in terms of value (\$B).

Regional Analysis: Multifamily housing green building market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different type, product, construction type, application, and regions for the multifamily housing green building market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the multifamily housing green building market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the multifamily housing green building market size?

Answer: The global multifamily housing green building market is expected to reach an estimated \$358.8 billion by 2030.

Q2. What is the growth forecast for multifamily housing green building market?

Answer: The global multifamily housing green building market is expected to grow with a CAGR of 16.7% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the multifamily housing green building market?

Answer: The major drivers for this market are growing consumer awareness boosts

green construction along with rising investment in energy efficiency is anticipated to fuel market.

Q4. What are the major segments for multifamily housing green building market?

Answer: The future of the global multifamily housing green building market looks promising with opportunities in the individual, commercial, and municipal markets.

Q5. Who are the key multifamily housing green building market companies?

Answer: Some of the key multifamily housing green building companies are as follows:

Turner Construction

Clark Group

AECOM

Swinerton

Hensel Phelps

Skanska

Lendlease

Holder Construction

Webcor

Walsh Group

Q6. Which multifamily housing green building market segment will be the largest in future?

Answer: Lucintel forecasts that new construction is expected to witness higher growth over the forecast period.

Q7. In multifamily housing green building market, which region is expected to be the largest in next 5 years?

Answer: APAC is expected to witness the highest growth over the forecast period.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the multifamily housing green building market by type (new construction and remodeling), product (interior products and exterior products), construction type (full green and semi green), application (individual, commercial, and municipal), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

4.4.1: APAC Multifamily Housing Green Building Market by Type: New Construction and Remodeling

4.4.2: APAC Multifamily Housing Green Building Market by Application: Individual, Commercial, and Municipal

4.5: ROW Multifamily Housing Green Building Market

4.5.1: ROW Multifamily Housing Green Building Market by Type: New Construction and Remodeling

4.5.2: ROW Multifamily Housing Green Building Market by Application: Individual, Commercial, and Municipal

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Multifamily Housing Green Building Market by Type

6.1.2: Growth Opportunities for the Global Multifamily Housing Green Building Market by Product

6.1.3: Growth Opportunities for the Global Multifamily Housing Green Building Market by Construction Type

6.1.4: Growth Opportunities for the Global Multifamily Housing Green Building Market by Application

6.1.5: Growth Opportunities for the Global Multifamily Housing Green Building Market by Region

6.2: Emerging Trends in the Global Multifamily Housing Green Building Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Multifamily Housing Green Building Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Multifamily Housing Green Building Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Turner Construction

7.2: Clark Group

7.3: AECOM

7.4: Swinerton

7.5: Hensel Phelps

7.6: Skanska

7.7: Lendlease

7.8: Holder Construction

7.9: Webcor

7.10: Walsh Group
