

Network Emulator Market Report: Trends, Forecast and Competitive Analysis to 2030

<https://marketpublishers.com/r/N0B3B0C03A28EN.html>

Date: July 2024

Pages: 150

Price: US\$ 4,850.00 (Single User License)

ID: N0B3B0C03A28EN

Abstracts

2 – 3 business days after placing order

Network Emulator Trends and Forecast

The future of the global network emulator market looks promising with opportunities in the telecommunication, BFSI, and government and defense markets. The global network emulator market is expected to reach an estimated \$288.0 million by 2030 with a CAGR of 7.3% from 2024 to 2030. The major drivers for this market are increased attacks and security breaches on networks, growth in virtualization and cloud use, and rising demand for software-defined networking and virtualization.

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below.

Network Emulator by Segment

The study includes a forecast for the global network emulator by offering, test type, application, end use, and region.

Network Emulator Market by Offering [Shipment Analysis by Value from 2018 to 2030]:

Hardware

Software

Network Emulator Market by Test Type [Shipment Analysis by Value from 2018 to 2030]:

Performance Testing

Application Testing

Others

Network Emulator Market by Application [Shipment Analysis by Value from 2018 to 2030]:

SD-WAN

IoT

Cloud

Others

Network Emulator Market by End Use [Shipment Analysis by Value from 2018 to 2030]:

Telecommunication

BFSI

Government And Defense

Others

Network Emulator Market by Region [Shipment Analysis by Value from 2018 to 2030]:

North America

Europe

Asia Pacific

The Rest of the World

List of Network Emulator Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies network emulator companies cater increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the network emulator companies profiled in this report include-

Spirent Communications

Keysight Technologies

VIAXI Solutions

Calnex Solutions

Apposite Technologies

Rohde & Schwarz

Polaris Networks

PacketStorm

SolarWinds

Interworking Labs

Network Emulator Market Insights

Lucintel forecasts that software is expected to witness higher growth over the forecast

period because it offers a wider range of features and functionalities compared to their hardware counterparts.

Within this market, telecommunication is expected to witness the highest growth due to adoption of next-generation networking for innovative offerings.

North America will remain the largest region over the forecast period due to its well-developed industries capable to invest in advance IT infrastructures, offering ample chances for network emulator adoption.

Features of the Global Network Emulator Market

Market Size Estimates: Network emulator market size estimation in terms of value (\$M).

Trend and Forecast Analysis: Market trends (2018 to 2023) and forecast (2024 to 2030) by various segments and regions.

Segmentation Analysis: Network emulator market size by offering, test type, application, end use, and region in terms of value (\$M).

Regional Analysis: Network emulator market breakdown by North America, Europe, Asia Pacific, and Rest of the World.

Growth Opportunities: Analysis of growth opportunities in different offering, test type, application, end use, and regions for the network emulator market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape of the network emulator market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the network emulator market size?

Answer: The global network emulator market is expected to reach an estimated \$288.0 million by 2030.

Q2. What is the growth forecast for network emulator market?

Answer: The global network emulator market is expected to grow with a CAGR of 7.3% from 2024 to 2030.

Q3. What are the major drivers influencing the growth of the network emulator market?

Answer: The major drivers for this market are increased attacks and security breaches on networks, growth in virtualization and cloud use and rising demand for software-defined networking and virtualization.

Q4. What are the major segments for network emulator market?

Answer: The future of the global network emulator market looks promising with opportunities in the telecommunication, BFSI, and government and defense markets.

Q5. Who are the key network emulator market companies?

Answer: Some of the key network emulator companies are as follows:

Spirent Communications

Keysight Technologies

VIAVI Solutions

Calnex Solutions

Apposite Technologies

Rohde & Schwarz

Polaris Networks

PacketStorm

SolarWinds

Interworking Labs

Q6. Which network emulator market segment will be the largest in future?

Answer: Lucintel forecasts that software is expected to witness higher growth over the forecast period because it offers a wider range of features and functionalities compared to their hardware counterparts.

Q7. In network emulator market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region over the forecast period due to its well-developed industries capable to invest in advance IT infrastructures, offering ample chances for network emulator adoption.

Q.8 Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% customization without any additional cost.

This report answers following 11 key questions:

Q.1. What are some of the most promising, high-growth opportunities for the network emulator market by offering (hardware and software), test type (performance testing, application testing, and others), application (SD-WAN, IoT, cloud, and others), end use (telecommunication, BFSI, government and defense, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading

these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to Network Emulator Market, Network Emulator Market Size, Network Emulator Market Growth, Network Emulator Market Analysis, Network Emulator Market Report, Network Emulator Market Share, Network Emulator Market Trends, Network Emulator Market Forecast, Network Emulator Companies, write Lucintel analyst at email: helpdesk@lucintel.com. We will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL NETWORK EMULATOR MARKET : MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2018 TO 2030

3.1. Macroeconomic Trends (2018-2023) and Forecast (2024-2030)

3.2. Global Network Emulator Market Trends (2018-2023) and Forecast (2024-2030)

3.3: Global Network Emulator Market by Offering

3.3.1: Hardware

3.3.2: Software

3.4: Global Network Emulator Market by Test Type

3.4.1: Performance Testing

3.4.2: Application Testing

3.4.3: Others

3.5: Global Network Emulator Market by Application

3.5.1: SD-WAN

3.5.2: IoT

3.5.3: Cloud

3.5.4: Others

3.6: Global Network Emulator Market by End Use

3.6.1: Telecommunication

3.6.2: BFSI

3.6.3: Government and Defense

3.6.4: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2018 TO 2030

4.1: Global Network Emulator Market by Region

4.2: North American Network Emulator Market

4.2.1: North American Network Emulator Market by Offering: Hardware and Software

4.2.2: North American Network Emulator Market by End Use: Telecommunication,

BFSI, Government and Defense, and Others

4.3: European Network Emulator Market

4.3.1: European Network Emulator Market by Offering: Hardware and Software

4.3.2: European Network Emulator Market by End Use: Telecommunication, BFSI, Government and Defense, and Others

4.4: APAC Network Emulator Market

4.4.1: APAC Network Emulator Market by Offering: Hardware and Software

4.4.2: APAC Network Emulator Market by End Use: Telecommunication, BFSI, Government and Defense, and Others

4.5: ROW Network Emulator Market

4.5.1: ROW Network Emulator Market by Offering: Hardware and Software

4.5.2: ROW Network Emulator Market by End Use: Telecommunication, BFSI, Government and Defense, and Others

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Network Emulator Market by Offering

6.1.2: Growth Opportunities for the Global Network Emulator Market by Test Type

6.1.3: Growth Opportunities for the Global Network Emulator Market by Application

6.1.4: Growth Opportunities for the Global Network Emulator Market by End Use

6.1.5: Growth Opportunities for the Global Network Emulator Market by Region

6.2: Emerging Trends in the Global Network Emulator Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Network Emulator Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Network Emulator Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Spirent Communications

7.2: Keysight Technologies

7.3: VIAVI Solutions

7.4: Calnex Solutions

7.5: Apposite Technologies

7.6: Rohde & Schwarz

7.7: Polaris Networks

7.8: PacketStorm

7.9: SolarWinds

7.10: Interworking Labs
