Passenger Information System Market Trends and Forecast

The future of the passenger information system market looks promising with opportunities in the solution and services markets. The global passenger information system market is expected to grow with a CAGR of 10% to 12% from 2023 to 2028. The major drivers for this market are increasing demand for passenger real-time transportation information and growing demand for passenger information system with the continuous expansion of global transportation infrastructure.

Passenger Information System Market by Component, Product, Transportation Mode, Location, and Functional Mode

A more than 150-page report is developed to help in your business decisions. Sample figures with some insights are shown below. To learn the scope, benefits, companies researched and other details of the global passenger information system market report, please download the report brochure.

Passenger Information System Market by Segments

Passenger Information System Market by Segment

The study includes a forecast for the global passenger information system market by component, product type, transportation mode, location, functional mode, and region, as follows:

Passenger Information System Market by Component [Value (\$B) Shipment Analysis from 2017 to 2028]:

Solution

Services

Others

Passenger Information System Market by Product type [Value (\$B) Shipment Analysis from 2017 to 2028]:

Information Display System

Announcement System

Infotainment System

Passenger Information Mobile Solutions

Others

Passenger Information System Market by Transportation Mode [Value (\$B) Shipment Analysis from 2017 to 2028]:

Airway

Waterway

Railway

Roadway

Passenger Information System Market by Location [Value (\$B) Shipment Analysis from 2017 to 2028]:

On Board

In Station

Passenger Information System Market by Functional Mode [Value (\$B) Shipment Analysis from 2017 to 2028]:

Computing System

Video Surveillance

Audio System

Multimedia Display

Content Management System

Networking and Communication

Others

Passenger Information System Market by Region [Value (\$B) Shipment Analysis from 2017 to 2028]:

North America

Europe

Asia Pacific

The Rest of the World

List of Passenger Information System Companies

Companies in the market compete on the basis of product quality offered. Major players in this market focus on expanding their manufacturing facilities, R&D investments, infrastructural development, and leverage integration opportunities across the value chain. With these strategies passenger information system companies cater to increasing demand, ensure competitive effectiveness, develop innovative products & technologies, reduce production costs, and expand their customer base. Some of the passenger information system companies profiled in this report include.

Alstom

Cisco Systems

Fujitsu

Funkwerk

Hitachi

Huawei

Indra Sistemas

Passenger Information System Market Insights

Lucintel forecasts that roadway will remain the largest segment over the forecast period due to the rising volume of vehicular traffic across the globe, improving traffic management systems, and rise in urbanization.

Solution is expected to remain the largest segment by end use industry due to the rise in professional consultancy, rising demand for hardware and software equipment required in transportation infrastructure and facilitating easy access to information for travelers.

North America will remain the largest region due to the presence of key players, high usage of technology by people and adoption of digitization in the transportation sector in the region.

Features of the Passenger Information System Market

Market Size Estimates: Passenger information system market size estimation in terms of value (\$B)

Trend And Forecast Analysis: Market trends (2017-2022) and forecast (2023-2028) by various segments and regions.

Segmentation Analysis: Passenger information system market size by various

segments, such as by component, product type, transportation mode, location, functional mode, and region

Regional Analysis: Passenger information system market breakdown by North America, Europe, Asia Pacific, and the Rest of the World.

Growth Opportunities: Analysis on growth opportunities in different by component, product type, transportation mode, location, functional mode, and regions for the passenger information system market.

Strategic Analysis: This includes M&A, new product development, and competitive landscape for the passenger information system market.

Analysis of competitive intensity of the industry based on Porter's Five Forces model.

FAQ

Q1. What is the passenger information system market size?

Answer: The global passenger information system market is expected to reach an estimated \$xx billion by 2028.

Q2. What is the growth forecast for passenger information system market?

Answer: The global passenger information system market is expected to grow with a CAGR of 10% to 12% from 2023 to 2028.

Q3. What are the major drivers influencing the growth of the passenger information system market?

Answer: The major drivers for this market are rising demand for intelligent public transportation systems, growing demand for real-time transit information of passengers, and increasing transportation infrastructure across the globe.

Q4. What are the major segments for passenger information system market?

Answer: The future of the passenger information system market looks promising with opportunities in the solution and services markets.

Q5. Who are the key passenger information system companies?

Answer: Some of the key passenger information system companies are as follows:

Alstom

Cisco Systems

Fujitsu

Funkwerk

Hitachi

Huawei

Indra Sistemas

Q6. Which passenger information system segment will be the largest in future?

Answer: Lucintel forecasts that roadway will remain the largest segment over the forecast period due to the rising volume of vehicular traffic across the globe, improving traffic management systems, and rise in urbanization.

Q7. In passenger information system market, which region is expected to be the largest in next 5 years?

Answer: North America will remain the largest region due to the presence of key players, high usage of technology by people, and adoption of digitization in the transportation sector in the region.

Q8. Do we receive customization in this report?

Answer: Yes, Lucintel provides 10% Customization Without any Additional Cost.

This report answers following 11 key questions

Q.1. What are some of the most promising, high-growth opportunities for the passenger information system market by component (solution and services), product type

(information display system, announcement system, infotainment system, passenger information mobile solutions, and others), transportation mode (airway, waterway, railway, and roadway), location (on board and in station), functional mode (computing system, video surveillance, audio system, multimedia display, content management system, networking and communication, and others), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which region will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the key challenges and business risks in this market?

Q.5. What are the business risks and competitive threats in this market?

Q.6. What are the emerging trends in this market and the reasons behind them?

Q.7. What are some of the changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are key players pursuing for business growth?

Q.10. What are some of the competing products in this market and how big of a threat do they pose for loss of market share by material or product substitution?

Q.11. What M&A activity has occurred in the last 5 years and what has its impact been on the industry?

For any questions related to passenger information system market or related to passenger information system companies, passenger information system market size, passenger information system market share, passenger information system analysis, write Lucintel analyst at email: helpdesk@lucintel.com we will be glad to get back to you soon.

Contents

1. EXECUTIVE SUMMARY

2. GLOBAL PASSENGER INFORMATION SYSTEM MARKET: MARKET DYNAMICS

2.1: Introduction, Background, and Classifications

2.2: Supply Chain

2.3: Industry Drivers and Challenges

3. MARKET TRENDS AND FORECAST ANALYSIS FROM 2017 TO 2028

3.1: Macroeconomic Trends (2017-2022) and Forecast (2023-2028)

3.2: Global Passenger Information System Market Trends (2017-2022) and Forecast (2023-2028)

3.3: Global Passenger Information System Market by Component

3.3.1: Solution

3.3.2: Services

3.3.3: Others

3.4: Global Passenger Information System Market by Product Type

3.4.1: Information Display System

3.4.2: Announcement System

3.4.3: Infotainment System

3.4.4: Passenger Information Mobile Solutions

3.4.5: Others

3.5: Global Passenger Information System Market by Transportation Mode

3.5.1: Airway

3.5.2: Waterway

3.5.3: Railway

3.5.4: Roadway

3.6: Global Passenger Information System Market by Location

3.6.1: On Board

3.6.2: In Station

3.7: Global Passenger Information System Market by Functional Mode

3.7.1: Computing System

3.7.2: Video Surveillance

3.7.3: Audio System

3.7.4: Multimedia Display

3.7.5: Content Management System

3.7.6: Networking and Communication

3.7.7: Others

4. MARKET TRENDS AND FORECAST ANALYSIS BY REGION FROM 2016-227

4.1: Global Passenger Information System Market by Region

4.2: North American Passenger Information System Market

4.2.1: North American Passenger Information System Market by Transportation Mode: Airway, Waterway, Railway, and Roadway

4.2.2: North American Passenger Information System Market by Component: Solution and Services

4.3: European Passenger Information System Market

4.3.1: European Passenger Information System Market Transportation Mode: Airway, Waterway, Railway, and Roadway

4.3.2: European Passenger Information System Market by Component: Solution and Services

4.4: APAC Passenger Information System Market

4.4.1: APAC Passenger Information System Market by Transportation Mode: Airway, Waterway, Railway, and Roadway

4.4.2: APAC Passenger Information System Market by Component: Solution and Services

4.5: ROW Passenger Information System Market

4.5.1: ROW Passenger Information System Market by Transportation Mode: Airway, Waterway, Railway, and Roadway

4.5.2: ROW Passenger Information System Market by Component: Solution and Services

5. COMPETITOR ANALYSIS

5.1: Product Portfolio Analysis

5.2: Operational Integration

5.3: Porter's Five Forces Analysis

6. GROWTH OPPORTUNITIES AND STRATEGIC ANALYSIS

6.1: Growth Opportunity Analysis

6.1.1: Growth Opportunities for the Global Passenger Information System Market by Component

6.1.2: Growth Opportunities for the Global Passenger Information System Market by

Product Type

6.1.3: Growth Opportunities for the Global Passenger Information System Market by Transportation Mode

6.1.4: Growth Opportunities for the Global Passenger Information System Market by Location

6.1.5: Growth Opportunities for the Global Passenger Information System Market by Functional Mode

6.1.6: Growth Opportunities for the Global Passenger Information System Market by Region

6.2: Emerging Trends in the Global Passenger Information System Market

6.3: Strategic Analysis

6.3.1: New Product Development

6.3.2: Capacity Expansion of the Global Passenger Information System Market

6.3.3: Mergers, Acquisitions, and Joint Ventures in the Global Passenger Information System Market

6.3.4: Certification and Licensing

7. COMPANY PROFILES OF LEADING PLAYERS

7.1: Alstom

7.2: Cisco Systems

7.3: Fujitsu

7.4: Funkwerk

7:5: HITACHI

7.6: Huawei

7.7: Indra Sistemas
